- Autism means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three, that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences.
- (ii) Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance, as defined in paragraph (c)(4) of this section.
- (iii) A child who manifests the characteristics of autism after age three could be identified as having autism if the criteria in paragraph (c)(1)(i) of this section are satisfied.
- (2) *Deaf-blindness* means concomitant hearing and visual impairments, the

"Developmentally delayed" means a child age (3) three through nine or who will turn age three at any time during the school year: with documented delays in development which are at least two standard deviations below the mean on a standardized test instrument or 30 per cent below chronological age; and who in the professional judgment of the IEP team and one or more qualified evaluators needs special education and related services in at least one of the following areas: communication development, cognitive development, physical development, social or emotional development or adaptive development. Use of the developmentally delayed option by individual local educational agencies is subject to the further requirements of Paragraph 2 of Subsection F of 6.31.2.10 NMAC. Local educational agencies shall use appropriate diagnostic instruments and procedures to ensure that the child qualifies as a child with a developmental delay in accordance with the definition in this paragraph.

 - (a) does not make sufficient progress to meet age or grade-level standards; or
 - (b) exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, grade level standards or intellectual development.

the case of a reevaluation, continues to meet the specific eligibility criteria for the disability or disabilities being evaluated and whether, by reason of the disability or disabilities, the child needs or continues to need special education and related services. Upon completion of the evaluation, the group of qualified professionals and the parent ("the Eligibility Determination Team") will determine whether the child is eligible for special education services under the IDEA.

The NM TEAM (December 2017) contains Initial and Reevaluation Eligibility Determination Forms at the end of each disability category section to guide the Eligibility Determination Team in making an eligibility determination under each of the disability categories. CUBA INDEPENDENT SCHOOL DISTRICT's

Eligibility Determination Team will consider and utilize, as appropriate, the information within these forms including the series of questions. (See NM TEAM, December 2017)

Developmental Delay

CUBA INDEPENDENT SCHOOL DISTRICT does use the term developmental delay (DD). An initial evaluation for DD may include (highly recommended): for preschool-aged children, reviewing existing screening data and/or any previously conducted evaluation data and for school-aged children, reviewing and considering complete SAT file documentation and existing evaluation data; gathering and analyzing developmental/educational, medical, family, and social history, including an interview with the parent(s)/guardian(s); completing direct observations across multiple settings and times: administering and analyzing assessment of developmental skills in areas of suspected disability, including one or more of the following: motor skills assessment, assessment of cognitive abilities, speech/language/communication assessment, social/emotional assessment, adaptive behavior information, including the areas of conceptual, social, and practical skills; conducting an assessment of pre-academic skills and/or academic achievement skills; completing multiple direct observations across both

(4)	 (i) <i>Emotional disturbance</i> means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance: (A) An inability to learn that cannot be explained by intellectual, sensory, or health factors. (B) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers. (C) Inappropriate types of behavior or feelings under normal circumstances. This broad DSM-5 category and criteria provides valuable descriptive information for evaluators as they attempt to address autism in school settings. However, it is not necessary for an EDT to determine that the child meets the DSM-5 criteria in order to be found eligible for special education and related services under the eligibility category of autism. In addition, CUBA INDEPENDENT SCHOOL DISTRICT expects the evaluation team to be mindful of the fact that they are making an educational, not a medical, determination and that children must also demonstrate a need for special education services in order to be eligible for services

- (6) Intellectual disability means significantly subaverage general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period, that adversely affects a child's educational performance
- (7) Multiple disabilities means concomitant impairments (such as mental retardationblindness or mental retardationorthopedic impairment), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple disabilities does not include deafblindness.
- (8) Orthopedic impairment means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by a congenital anomaly, impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

A parent of a student referred to a student assistance team shall be informed of the parent's right to request an initial special education evaluation at any time during the school district's or charter school's implementation of the interventions prescribed by the student assistance team. If the school district or charter school agrees that the student may have a disability, the student assistance team shall refer the child for an evaluation. Specific Learning Disability
CUBA INDEPENDENT SCHOOL DISTRICT recognizes it must use the State criteria when determining whether a child has a Specific Learning Disability. In the specific learning disability category, CUBA INDEPENDENT SCHOOL DISTRICT expects that evaluation teams adhere to NM TEAM (December 2017) when evaluating a student for a suspected learning disability, as a means of ensuring compliance with State criteria. (See OSEP Letter to Massanari (September 24, 2007); see also OSEP Letter to Zirkel (August 15, 2007).An initial evaluation for a specific learning disability may include (highly recommended): for school aged-
children, reviewing and considering complete SAT file documentation and existing evaluation data; gathering

family, and social history, including an interview with the parent(s)/guardian(s); completing direct observations across multiple settings, both structured and unstructured and at various times; analyzing observation completed in the child's learning environments
including the general classroom setting, either through the SAT process or as part of the initial evaluation
process (the observation must be completed in all areas of difficulty); conducting a comprehensive assessment
of cognitive abilities, including verbal and nonverbal skills; gathering and analyzing informal individual academic achievement data, including benchmark

Children with disabilities who are enrolled in private schools have the rights provided by 34 CFR Secs. 300.129-300.148 and Subsection L of 6.31.2.11 NMAC (correct citation 6.31.2.11 (N) NMAC). 	

 child by that date, in accordance with § 300.323(b). (2) If a child's third birthday occurs during the summer, the child's IEP Team shall determine the date when services under the IEP or IFSP will begin. 	B. Only children who meet the criteria in these rules may be included in calculating special education program units for state funding and counted as eligible children for federal flow-through funds under Part B of IDEA.
 (c) Children advancing from grade to grade. (1) Each State must ensure that FAPE is available to any individual child with a disability who needs special education and related services, even though the child has not failed or been retained in a course or grade and is advancing from grade to grade. (2) The determination that a child described in paragraph (a) of this section is eligible under this part, must be made on an individual basis by the group responsible within the child's LEA for making eligibility determinations. (Authority: 20 U.S.C. 1412(a)(1)(A)) 	 6.31.2.11 EDUCATIONAL SERVICES FOR CHILDREN WITH DISABILITIES: A. Preschool programs for children aged 3 through 5. 	(3) To ensure effective transitioning from IDEA Part C programs to IDEA Part B programs, each public agency shall conduct a full and individual initial comprehensive evaluation, at no cost to the parent, and in compliance with requirements of 34 CFR Secs. 300.300, 300.301, 300.302, 300.304 and 300.305 and other department rules and standards before the initial provision of Part B special education and related services to a child with a disability.

(c) The Part B eligibility determination team shall consider educationally relevant medical assessments as part of the review of existing evaluation data. The determination of eligibility may not be made solely on the basis of medical assessments. If the team considers medical assessments conducted more than six months prior to the date of the meeting, the team shall document the appropriateness of considering such medical assessments.

<u>§ 300.102 Limitation—exception to FAPE for certain ages.</u>		
 (a) <i>General.</i> The obligation to make FAPE available to all children with disabilities does not apply with respect to the following: Children aged 3, 4, 5, 18, 19, 20, or 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children of those ages. (2) (i) Children aged 18 through 21 to the extent that State law does not require that special education and related services under Part B of the Act be provided to students with disabilities who, in the last educational placement prior to their incarceration in an adult correctional facility— (A) Were not actually identified as being a child with a disability under § 300.8; and (B) Did not have an IEP under Part B of the Act. (ii) The exception in paragraph (a)(2)(i) of this section does not apply to children with disabilities, aged 18 through 21, who— (A) Had been identified as a child with a disability under § 300.8 and had received services in accordance with an IEP, but who left school prior to 	 6.31.2.11 NMAC. If a student turns 22 during the school year, that student shall be allowed to complete the school year and shall continue to receive special education and related services during that school year. If the student turns 22 prior to the first day of the school year, the student is no longer eligible to receive special education and related services. 6.29.1.9 NMAC. PROCEDURAL REQUIREMENTS: K.  (iv) As used in paragraphs (a)(3)(i) through (a)(3)(iii) of this section, the term <i>regular high school diploma</i> means the standard high school diploma awarded to the preponderance of student in the State that is fully aligned with State standard, or a higher diploma, except that a regular high school diploma shall not be aligned to the alternate academic achievement standards described in section 111(b)(1)(E) of the ESEA. A regular high school diploma does not include a recognized equivalent of a diploma, such as a general equivalency diploma, certificate of completion, certificate of attendance or similar lesser credential. (4) Children with disabilities who are eligible under subpart H of this part, but who receive early intervention services under Part C of the Act.

Other FAPE Requirements	
§ 300.103 FAPE—methods and payments.	

(a) (b)	Each State may use whatever State, local, Federal, and private sources of support are available in the State to meet the requirements of this part. For example, if it is necessary to place a child with a disability in a residential facility, a State could use joint agreements between the agencies involved for sharing the cost of that placement. Nothing in this part relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.	 6.31.2.9 NMAC. PUBLIC AGENCY RESPONSIBILITIES: B. Public agency funding and staffing. (1) Each public agency that provides special education or related services to children with disabilities shall allocate sufficient funds, staff, facilities and equipment to ensure that the requirements of IDEA and all department rules and standards that apply to programs for children with disabilities are met. 	CUBA INDEPENDENT SCHOOL DISTRICT assures that it has allocated sufficient funds, staff, facilities and equipment to ensure that the requirements of the IDEA and all department rules and standards that apply to programs for children with disabilities are met.
(c) (Autl	Consistent with § 300.323(c), the State must ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined. hority: 20 U.S.C. 1401(8), 1412(a)(1)).	(2) The public agency with primary responsibility for ensuring that FAPE is available to a child with a disability on the date set by the department for a child count or other report shall include that child in its report for that date. Public agencies with shared or successive responsibilities for serving a particular child during a single fiscal year are required to negotiate equitable arrangements through joint powers agreements or memorandums of understanding or interstate agreements for sharing the funding and other resources available for that child. Such agreements shall include provisions with regard to resolving disputes between the parties to the agreement.	

§ 300.104 Residential placement		
If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non- medical care and room and board, must be at no cost to the parents of the child. (Authority: 20 U.S.C. 1412(a)(1), 1412(a)(10)(B))	 6.31.2.9 NMAC. PUBLIC AGENCY RESPONSIBILITIES: B. Public agency funding and staffing. (3) Placement of students in private residential treatment centers, or other out of home treatment or habilitation programs, by the IEP team or by a due process decision. In no event shall a child with an IEP be allowed to remain in an out of home treatment or habilitation program for more than 10 days without receiving special education and related services. The school district in which the qualified student or school-age person lives, whether in-state or out-of-state, is responsible for the educational, nonmedical care and room and board costs of that placement. 	CUBA INDEPENDENT SCHOOL DISTRICT understands that parents are not required to bear the costs of a public or private residential placement if such placement is determined necessary to provide a FAPE. (See 71 Fed. Reg. 46581 (August 14, 2006)) The IEP Team determines whether a residential placement is the least restrictive environment for providing a FAPE to an individual child.
	 (a) Agreements between the resident school district of the qualified student or school-age person and a private residential treatment center must be on the form posted on the department's website or on a form otherwise approved by the department and must be reviewed and approved by the secretary of public education. 	The NMPED has issued Sample Contractual Service Agreements for <u>Out of District Residential Treatment</u> <u>Centers</u> and <u>In District Residential Treatment Centers</u> , which can be found on the NMPED website.
	(b) Agreements must provide for:	
	 (i) student evaluations and eligibility; (ii) an educational program for each qualified student or school-age person that meets state standards for such programs, except that teachers employed by private schools are not required to be highly qualified; 	
	(iii) the provision of special education and related services in conformance with an IEP that meets the requirements of federal	

 (iv) adequate classroom or other physical space that allows the school district to provide an appropriate education; (v) a detailed description of the costs for the placement; and (vi) an acknowledgement of the authority of the local school board and the department to conduct on-site evaluations of programs and student progress to ensure that state standards are met. centers, or other out of home treatment or habilitation programs, by the IEP team or by a due process decision. The sending school shall be responsible for the provision of special education and related services. In no event shall a child with an IEP be allowed to remain in an out of home treatment or habilitation program for more than 10 days without receiving special education and related services.	

<u>§ 300.105 Assistive technology.</u>	
 (a) Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in §§ 300.5 and 300.6, respectively, are made available to a child with a disability if required as a part of the child's— 	34 C.F.R. § 300.105 specifies the circumstances under which CUBA INDEPENDENT SCHOOL DISTRICT is responsible for making available assistive technology devices and assistive technology services to children with disabilities. (See 71 Fed. Reg. 46547 (August 14, 2006)) As a general matter, however, CUBA INDEPENDENT SCHOOL DISTRICT is not responsible for providing personal devices, such as eyeglasses or hearing aids that

	If a hearing aid meets the definition of an assistive technology device for a particular child, CUBA INDEPENDENT SCHOOL DISTRICT is responsible for the provision of the assistive technology device as part of FAPE, only if: the device is required as part of the child's special education defined in § 300.39; related services defined in § 300.34; or supplementary aids and services defined in § 300.42. CUBA INDEPENDENT SCHOOL DISTRICT expects the IEP Team to make this decision on an individualized basis. (See 71 Fed. Reg. 46581 (August 14, 2006)) If an IEP Team determines that the child requires a personal device that is not surgically implanted (e.g., eyeglasses) in order to receive a FAPE, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the device is provided at no cost to the child's parents. (See 71 Fed. Reg. 46581 (August 14, 2006))

<u>§ 300.106 Extended school year services.</u>	
 (a) <i>General.</i> (1) Each public agency must ensure that extended school year services are available as necessary to provide FAPE, consistent with paragraph (a)(2) of this section. 	CUBA INDEPENDENT SCHOOL DISTRICT recognizes that some children with disabilities may not receive a FAPE unless they receive necessary services during times when other children, both disabled and nondisabled, normally would not be served. (See 71 Fed. Reg. 46581 (August 14, 2006))

<u>§ 300.107 Nonacademic services.</u>	
 The State must ensure the following: (a) Each public agency must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child's IEP Team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities. (b) Nonacademic and extracurricular services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the public agency and assistance in making outside employment available. (Authority: 20 U.S.C. 1412(a)(1)) 	CUBA INDEPENDENT SCHOOL DISTRICT will take steps, including the provision of supplementary aids and services determined appropriate and necessary by a child's IEP Team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities. (See 71 Fed. Reg. 46541 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT does not consider the list of nonacademic and extracurricular services and activities in § 300.107(b) to be exhaustive. The list provides examples of services and activities that may afford children with disabilities an equal opportunity for participation in the services offered to other children of the public agency. <u>§ 300.108 Physical education.</u>		
 The State must ensure that public agencies in the State comply with the following: (a) <i>General.</i> Physical education services, specially-designed if necessary, must be made available to every child with a disability receiving FAPE, unless the public agency enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades. § 300.109 Full educational opportunity goal (FEOG).	
The State must have in effect policies and procedures to demonstrate that the State has established a goal of providing full educational opportunity to all children with disabilities, aged birth through 21, and a detailed timetable for accomplishing that goal. (Authority: 20 U.S.C. 1412(a)(2))	CUBA INDEPENDENT SCHOOL DISTRICT will provide full educational opportunity to all children with disabilities, including by taking steps to ensure that children with disabilities have access to the same program options that are available to nondisabled children. CUBA INDEPENDENT SCHOOL DISTRICT recognizes that this would apply to dual enrollment programs in post-secondary or community- based settings. Therefore, to the extent that CUBA INDEPENDENT SCHOOL DISTRICT offers dual enrollment programs in post-secondary or community- based settings to a nondisabled student, CUBA INDEPENDENT SCHOOL DISTRICT offers dual enrollment programs in post-secondary or community- based settings to a nondisabled student, CUBA INDEPENDENT SCHOOL DISTRICT would have that option available to a student with disabilities whose IEP Team determined that such a program would best meet the student's needs. (See 71 Fed. Reg. 46583 (August 14, 2006))

<u>§ 300.110 Program options.</u>	
The State must ensure that each public agency takes steps to ensure that its children with disabilities have available to them the variety of educational programs and services available to nondisabled children in the area served by the agency, including art, music, industrial arts, consumer and homemaking education, and vocational education. (Authority: 20 U.S.C. 1412(a)(2), 1413(a)(1))	CUBA INDEPENDENT SCHOOL DISTRICT recognizes a full educational opportunity would apply to dual enrollment programs in post-secondary or community-based settings. Therefore, to the extent that CUBA INDEPENDENT SCHOOL DISTRICT dual enrollment programs in post-secondary or community-based settings to a nondisabled student, CUBA INDEPENDENT SCHOOL DISTRICT would have that option available to a student with disabilities whose IEP Team determined that such a program would best meet the student's needs. (See 71 Fed. Reg. 46583 (August 14, 2006))

(a) General.	6.31.2.9 NMAC. PUBLIC AGENCY RESPONSIBILITIES:	CUBA INDEPENDENT SCHOOL DISTRICT will
 (1) The State must have in effect policies and procedures to ensure that— (i) All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State, and children with disabilities attending private schools, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located, and evaluated; and (ii) A practical method is developed and implemented to determine which children are currently receiving needed special education and related services. (b) Use of term developmental delay. The following provisions apply with respect to implementing the child find requirements of this section: (1) A State that adopts a definition of developmental delay under § 300.8(b) determines whether the term applies to children aged three through nine, or to a subset of that age range (e.g., ages three through five). 	A. Compliance with applicable laws and rule. Each New Mexico public agency, within the scope of its authority, shall develop and implement appropriate policies, procedures, programs and services to ensure that all children with disabilities who reside within the public agency's educational jurisdiction, including children who are enrolled in private schools or facilities such as residential treatment centers, day treatment centers, hospitals, mental health institutions, or are schooled at home, are identified and evaluated and have access to a free appropriate public education (FAPE) in compliance with all applicable requirements of state and federal laws and rules. This obligation applies to all New Mexico public agencies that are responsible under laws, rules, rules [sic] or written agreements for providing educational services for children with disabilities, regardless of whether that public agency receives funds under IDEA and regardless of whether it provides special education and related services directly, by contract, by referrals to private schools or facilities including residential treatment centers, day treatment centers, hospitals, mental health institutions or through other arrangements.	 comply with its child find obligations. CUBA INDEPENDENT SCHOOL DISTRICT has adopted and will implement the following proceduress ensure that all children with disabilities within its educational jurisdiction and who are in need of special education and related services, are located, evaluated and identified: [INSERT] CUBA INDEPENDENT SCHOOL DISTRICT permit referrals from any source that suspects a child may be eligible for special education and related services. CUBA INDEPENDENT SCHOOL DISTRICT permit referrals from any source that suspects a child may be eligible for special education and related services. CUBA INDEPENDENT SCHOOL DISTRICT's child find activities typically include a screening process to determine whether the child should be referred for a f evaluation to determine eligibility for special education and related services. Persons such as employees of th SEA, CUBA INDEPENDENT SCHOOL DISTRICT other public agencies responsible for the education of the child may identify children who might need to be referred for an evaluation. However, it is the parent of child and the CUBA INDEPENDENT SCHOOL DISTRICT SCHOOL DISTRICT that have the responsibility to initiate the evaluation procedures. (See 71 Fed. Reg. 46636 (August 14, 2006))
(2) A State may not require an LEA to adopt and use the term <i>developmental delay</i> for any children within its jurisdiction.	6.31.2.10 NMAC. IDENTIFICATION, EVALUATIONS AND ELIGIBILITY DETERMINATIONS:	CUBA INDEPENDENT SCHOOL DISTRICT does a specify how long a child can receive early intervening services before an initial evaluation is conducted. If a child receiving early intervening services is suspected
(3) If an LEA uses the term <i>developmental</i> delay for children described in § 300.8(b), the LEA must conform to both the State's definition of that term and to the age range that has been adopted by the State.	A. Child find. Each public agency shall adopt and implement policies and procedures to ensure that all children with disabilities who reside within the public agency's educational jurisdiction, including children with disabilities attending private schools or facilities	having a disability, CUBA INDEPENDENT SCHOO DISTRICT will conduct a full and individual evaluati in accordance with §§ 300.301, 300.304 and 300.305 determine if the child is a child with a disability and needs special education and related services. (See 71
(4) If a State does not adopt the term <i>developmental delay</i> , an LEA may not	such as residential treatment centers, day treatment centers, hospitals, mental health institutions, detention	Fed. Reg. 46626 (August 14, 2006))

independently use that term as a basis for establishing a child's eligibility under this part.

- (c) *Other children in child find*. Child find also must include—
 - Children who are suspected of being a child with a disability under § 300.8 and in need of special education, even though they are advancing from grade to grade; and
 - (2) Highly mobile children, including migrant children.
- (d) Construction. Nothing in the Act requires that children be classified by their disability so long as each child who has a disability that is listed in § 300.8 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under Part B of the Act.

(Authority: 20 U.S.C. 1401(3)); 1412(a)(3))

and correctional facilities, children who are schooled at home, highly mobile children, children who reside on Indian reservations and children who are advancing from grade to grade, regardless of the severity of their disability, and who are in need of special education and related services, are located, evaluated and identified in compliance with all applicable requirements of 34 CFR Secs. 300.111, 300.131, 300.301 through 300.306 and these or other department rules and standards. For preschool children, child find screenings shall serve as interventions under Subsection B of 6.31.2.10 NMAC.

- B. The public agency shall follow a three layered model of student intervention as a proactive system for early intervention for students who demonstrate a need for educational support for learning as set forth in Subsection D of 6.29.1.9 NMAC. [Correct citation is 6.29.1.9(E) NMAC]
- C. Criteria for identifying children with perceived specific learning disabilities.
 - (1) Each public agency shall use the three layer model of student intervention for students suspected of having a perceived specific learning disability, consistent with the department rules, policies and standards for children who are being referred for evaluation due to a suspected disability under the specific learning disability category in compliance with 34 CFR Sec. 300.307.
 - ...
 - (d) Notwithstanding the provision of Subsection D of 6.31.2.10 NMAC, a parent may request an initial special education evaluation at any time during the public agency's implementation of layers 1 and 2 of the three-layer model of student intervention. If the public agency agrees with the parent that the child may be a child who is eligible for special education services, the public agency shall evaluate the child. If the public agency declines the parent's request for an evaluation, the public agency shall issue prior written notice in accordance with 34 CFR

In CUBA INDEPENDENT SCHOOL DISTRICT, child find is an ongoing process. CUBA INDEPENDENT SCHOOL DISTRICT expects that children whose parents revoke consent will be identified, located and offered an evaluation in the same manner as any other child if the child is suspected of having a disability and being in need of special education and related services. CUBA INDEPENDENT SCHOOL DISTRICT has policies and procedures in place to ensure effective child find, including that general education teachers make appropriate referrals of children suspected of having a disability, which would include the referral of children whose parents have previously revoked consent for such services. (See 73 Fed. 73012 (December 1, 2008))

Sec. 300.503. The parent may challenge this	
decision by requesting a due process hearing.	
6.31.2.11 NMAC. EDUCATIONAL SERVICES FOR CHILDREN WITH DISABILITIES:	
M. Children in detention and correctional facilities.	
 (9) Children placed in juvenile or adult detention or correctional facilities shall be provided learning opportunities and instruction that meet the state standards with benchmarks. 	
N. Children in private schools or facilities.	
 (8) Children schooled at home. Each LEA shall locate, evaluate and determine the eligibility of children with disabilities who are schooled at home pursuant Subsection H of 22-2-2 NMSA 1978. 	
6.29.1.7 NMAC. DEFINITIONS:	
 AA. Multi-Layered System of Supports (MLSS)" means a coordinated and comprehensive framework that uses increasingly intensive evidence-based academic and behavioral supports that address student needs as evidenced by student data. IT is a model for holistic school improvement that provides progress measures for additional supports such as school-based team structures, professional development, health and wellness, and family and community engagement. MLSS satisfies the definition of "multi-tiered system of supports" contained within the ESSA. 	
6.29.1.9 NMAC. PROCEDURAL REQUIREMENTS:	
E. Student intervention system. The school and school district shall follow the multi-layered system of supports	

of having a disability. If a school district rejects a request for initial special education evaluation, the parent may use the IDEA procedural safeguards in 34 CFR Secs. 300.506 through 5007 to dispute the rejection of the request to evaluate.	 acculturation, socioeconomic status, possible lack of appropriate instruction in reading or math, teaching and learning styles and instructional delivery mechanisms in order to rule out other possible causes of the student's educational difficulties. (3) In layer 3, students are provided with intensive academic and behavioral supports that are progress monitored on a bi-weekly basis. At the end of each progress monitoring cycle, the teacher team shall evaluate the efficacy of the supports provided using all available data. At that time, the teacher team may decide whether to continue with the current support, change the intensity, or nature of support. If progress monitoring data suggests that the learner has benefited from provided layer 3 supports and does not show concern for recidivism, then the teacher team may decide to move the student out of receiving layer 3 supports. (4) All students shall have access to the MLSS layers of screening and support without a referral to SAT or an evaluation to determine eligibility for special education and related services. Nothing in this section prevents a school district from evaluating a student during the provision of any layer of MLSS to determine whether the student is a child with a disability requiring special education and related services. A parent may request an initial special education at any time during the public agency's implementation of MLSS, and a school or school district may determine a referral to special education is necessary at any time during the

6.30.17.8 NMAC STRUCTURED LITERACY INSTRUCTION, INTERVENTIONS, AND PROFESSIONAL DEVELOPMENT	
At the beginning of a school year, school districts and charter schools shall notify parents or legal guardians that entering first grade students shall be screened for characteristics of dyslexia. If a student is determined to display characteristics of dyslexia per the department-approved screener, school districts and charter schools shall notify parents of the results of the screening and the structured literacy interventions that are taking place in response to the results. School districts and charter schools shall decide the method by which to inform parents or legal guardians of the results and interventions.	
6.30.17.9 REQUIREMENTS FOR SCREENING, EVALUATION AND INTERVENTION:	
A. Using a department-approved screener, elementary schools shall screen all entering first grade students, in accordance with PED guidance, for dyslexia by the first standardized reporting date.	
B. A student whose screening demonstrates characteristics of dyslexia shall receive targeted structured literacy interventions with progress monitoring to determine if the student is making adequate progress, pursuant to 22-13-32 NMSA 1978, or be referred to a student assistance team.	
C. Consideration shall be given to ensure the student is not demonstrating characteristics of dyslexia solely due to a lack of appropriate English language program or services.	

 D. Pursuant to 22-13-32 NMSA 1978, if a student does not make adequate progress with targeted structured literacy interventions, a school shall convene a student assistance team to prescribe more frequent and intensive structured literacy interventions with progress monitoring to determine the student's level of progress. The structured literacy interventions prescribed by the student assistance team shall be in accordance with the department's multi-layered system of supports.
E. At no time should a student identified as demonstrating characteristics of dyslexia stop receiving targeted structured literacy interventions.
F. Pursuant to 22-13-32 NMSA 1978, a parent or legal guardian of a student referred to a student assistance team shall be informed of the parent's right to request an initial special education evaluation at any time. If the school district or charter school agrees that the student may have a disability, the student assistance team shall refer the child for an evaluation without undue delay, and shall document attempts at obtaining informed consent from the student's parent(s) or legal guardian(s). The student shall be evaluated within 60 days of receiving the parental consent for an initial evaluation. If the school district or charter school refuses the parent's request for an initial evaluation, the school district or charter school shall provide written notice of the refusal to the parent, including notice of the parent's right to challenge the school district's or charter school school's decision as provided in state and federal law and rules

§ 300.112 Individualized education programs (IEP).	
The State must ensure that an IEP, or an IFSP that meets the requirements of section 636(d) of the Act, is developed, reviewed, and revised for each child with a disability in accordance with §§ 300.320 through 300.324, except as provided in § 300.300(b)(3)(ii). (Authority: 20 U.S.C. 1412(a)(4)	IDEA 2004 required the U.S. Department of Education to develop a model IEP form. The U.S. Department of Education has developed an IEP form to assist States and school districts in understanding the IEP content requirements. The <u>Model Form: Individualized</u> <u>Education Program</u> developed by the U.S. Department of Education is available through the U.S. Department of Education's website.
	The NMPED has also developed model IEP forms for <u>Preschool/Elementary School</u> and <u>Secondary</u> (updated August 2019) along with a guide, <u>Developing Quality</u> <u>IEPs</u> , available through the NMPED website. <u>CUBA INDEPENDENT SCHOOL DISTRICT uses a</u> localized IEP form based upon the NMPED form and guidance document.

<u>§ 300.113 Routine checking of hearing aids and external</u> <u>components of surgically implanted medical devices.</u>	
(a) <i>Hearing aids</i> . Each public agency must ensure that hearing aids worn in school by children with hearing impairments, including deafness, are functioning properly.	CUBA INDEPENDENT SCHOOL DISTRICT recognizes its obligation to change a battery or routinely check an external component of a surgically implanted medical device to make sure it is turned on and operating. However, mapping a cochlear implant (or

(1) Subject to paragraph (b)(2) of this section, each public agency must ensure that the external components of surgically implanted medical devices are functioning properly. 	operating. However, mapping a cochear implant (or paying the costs associated with mapping) is not routine checking and is not the responsibility of CUBA INDEPENDENT SCHOOL DISTRICT. (See 71 Fed. Reg. 46581 (August 14, 2006))
(2) For a child with a surgically implanted medical device who is receiving special education and related services under this part, a public agency is not responsible for the post-surgical	

maintenance, programming, or replacement of the medical device that has been surgically implanted (or of an external component of the surgically implanted medical device).

Least Restrictive Environment (LRE)		
§ 300.114 LRE requirements.		
 (a) General. (1) Except as provided in § 300.324(d)(2) (regarding children with disabilities in adult prisons), the State must have in effect policies and procedures to ensure that public agencies in the State meet the LRE requirements of this section and §§ 300.115 through 300.120. (2) Each public agency must ensure that— (i) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and (ii) Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. (b) Additional requirement—State funding mechanism— (1) General. 	 6.31.2.11 NMAC. EDUCATIONAL SERVICES FOR CHILDREN WITH DISABILITIES: C. Least restrictive environment. (1) Except as provided in 34 CFR Sec. 300.324(d) and Subsection K of 6.31.2.11 NMAC (correct citation 6.31.2.11(M) NMAC)for children with disabilities who are convicted as adults under state law and incarcerated in adult prisons, all educational placements and services for children with disabilities shall be provided in the least restrictive environment that is appropriate to each child's needs in compliance with 34 CFR Secs. 300.114 through 300.120. (2) In determining the least restrictive environment for each child's needs, public agencies and their IEP teams shall ensure that the following requirements are met. (a) The requirements of 34 CFR Sec. 300.114(a)(2) for each public agency to ensure that to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled, and that special classes, separate schooling or other removal of children with disabilities from 	CUBA INDEPENDENT SCHOOL DISTRICT acknowledges there is a strong preference in favor of educating children with disabilities in the regular classroom with appropriate aids and supports; however, a regular classroom placement is not appropriate for every child with a disability. Placement decisions will be made on a case-by-case basis and must be appropriate for the needs of the child. (See 71 Fed. Reg. 46589 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT presumes that the first placement option to consider for each child with a disability is the regular classroom in the school that the child would attend if not disabled, with appropriate supplementary aids and services to facilitate such placement. (See 71 Fed. Reg. 46588 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT understands that a change in location is not always a change in placement. A Placement is a point along the child's continuum of placement options, while location is the physical location where the child receives related services, such as a classroom. However, a change in location may give rise to a change in placement if the change in location substantially alters the student's educational program (<i>See</i> 71 Fed. Reg. 46,588 (2006); <i>See Letter to Fisher</i> , 21 IDELR 992 (OSEP 1994)

- (i) A State funding mechanism must not result in placements that violate the requirements of paragraph (a) of this section; and
- (ii) A State must not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child's IEP.
- (2) Assurance. If the State does not have policies and procedures to ensure compliance with paragraph (b)(1) of this section, the State must provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that the mechanism does not result in placements that violate that paragraph.

(Authority: 20 U.S.C. 1412(a)(5))

the general educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

- (b) The required continuum of alternative placements as specified in 34 CFR Sec. 300.115.
- (c) The requirement of 34 CFR Sec. 300.116(c) that each child with a disability be educated in the school that he or she would attend if nondisabled unless the child's IEP requires some other arrangement.
- (d) The requirement of 34 CFR Sec. 300.116(e) that a child with a disability not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general curriculum.
- (e) The requirements of 34 CFR Sec. 300.320(a)(4) that the IEP for each child with a disability include a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child to be involved and progress in the general curriculum and to participate in extracurricular and other nonacademic activities with nondisabled children.
- (f) The requirement of 34 CFR Sec. 300.324(a)(3) that the regular education teacher of a child with a disability, as a member of the IEP team, shall assist in determining the supplementary aids and services, program modifications or supports for school personnel that will be provided for the child in compliance with 34 CFR Sec. 300.320(a)(4).

CUBA INDEPENDENT SCHOOL DISTRICT

understands that when two or more equally appropriate locations are available, the District can assign the child to the school or classroom of its choosing. However, the District cannot use factors such as the availability of services at a particular school to determine a child's placement on the LRE continuum. (*See Letter to Trigg.* 50 IDELR 48 (OSEP 2007)).

 (g) The requirement of 34 CFR Sec. 300.320(a)(5) that the IEP include an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and the activities described in 34 CFR Secs. 300.320(a)(4) and 300.117.
 (h) The requirements of 34 CFR Sec. 300.503 that a public agency give the parents written notice a reasonable time before the public agency proposes or refuses to initiate or change the educational placement of the child or the provision of FAPE to the child and that the notice include a description of any other options considered and the reasons why those options were rejected.
 (i) The requirement of 34 CFR Sec. 300.120 that the department carry out activities to ensure that Sec. 300.114 is implemented by each public agency and that, if there is evidence that a public agency makes placements that are inconsistent with Sec. 300.114, the department shall review the public agency's justification for its actions and assist in planning and implementing any necessary corrective action.

§ 300.115 Continuum of alternative placements.	
(a) Each public agency must ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.(b) The continuum required in paragraph (a) of this	CUBA INDEPENDENT SCHOOL DISTRICT will make available a full continuum of placements. CUBA INDEPENDENT SCHOOL DISTRICT understands that there is no requirement that each of the placements on the continuum be utilized.

<u>§ 300.116 Placements.</u>		
 In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure that— (a) The placement decision— (1) Is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and (2) Is made in conformity with the LRE provisions of this subpart, including §§ 300.114 through 300.118; (b) The child's placement— (1) Is determined at least annually; (2) Is based on the child's IEP; and (3) Is as close as possible to the child's home; 	 6.29.1.9 NMAC. PROCEDURAL REQUIREMENTS: J. Length of school day and year. (3) All students shall be in school-directed programs, exclusive of lunch, for a minimum of the following: (a) kindergarten, for half-day programs: two and one-half (2 and 1/2) hours per day or 450 hours per year; or, for full-day programs: five and one-half (5 and 1/2) hours per day or 990 hours per year; (b) grades one through six: five and one-half (5 and 1/2) hours per year; and (c) grades seven through twelve: six (6) hours per day or 1,080 hours per year. 	 CUBA INDEPENDENT SCHOOL DISTRICT expects the IEP Team to follow the Tenth Circuit standard for determining the least restrictive environment. First, the IEP Team will consider whether education in the regular classroom, with the use of supplementary aids and services, can be achieved satisfactorily. If the answer is "no", and the IEP Team intends to provide special education or to remove the child from regular education, CUBA INDEPENDENT SCHOOL DISTRICT's IEP Team will examine whether the school has mainstreamed the child to the maximum extent appropriate. (See L.B. v. Nebo School District, 379 F.3d 966 (10th Cir. 2004)) The Tenth Circuit standard includes five factors for consideration: Whether the district has taken steps to accommodate the child with disabilities in regular education (by providing supplementary aids and services or modifying its regular education program);
 (c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled; 		 program); Whether these efforts were sufficient or token (the requirement that districts modify and supplement regular education is broad; however, districts need

	(See <u>L.B. v. Nebo School District</u> , 379 F.3d 966 (10th Cir. 2004))
	NMPED issued guidance to IEP team when making
	placement decisions through a document titled Making
	Placement Decisions in the Least Restrictive
	Environment (2003), found on the NMPED website.
	CUBA INDEPENDENT SCHOOL DISTRICT believes
	that if a child with a disability has behavioral problems
	that are so disruptive in a regular classroom that the
	education of other children is significantly impaired, the
	needs of the child with a disability generally cannot be
	met in that environment. However, before making such
	a determination, CUBA INDEPENDENT SCHOOL
	DISTRICT will ensure that consideration has been given
	to the full range of supplementary aids and services that
	could be provided to the child in the regular educational
	environment to accommodate the unique needs of the
	child with a disability. If the IEP Team determines that,
	even with the provision of supplementary aids and
	services, the child's IEP could not be implemented
	satisfactorily in the regular educational environment,
	that placement would not be the LRE placement for that
	child at that particular time, because her or his unique
	educational needs could not be met in that setting. (See
	71 Fed. Reg. 46589 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will utilize the same process for determining the educational placement for children with low-incidence disabilities (including children who are deaf, hard of hearing, or deaf-blind), as used for determining the educational placement for all children with disabilities. That is, each child's educational placement will be determined on an individual case-by case basis depending on each child's unique educational needs and circumstances, rather than by the child's category of disability, and will be based on the child's IEP. (See 71 Fed. Reg. 46586 (August 14, 2006))
CUBA INDEPENDENT SCHOOL DISTRICT does not consider maintaining a child's placement in an educational program that is substantially and materially similar to the former placement to be a change in placement. (See 71 Fed. Reg. 46588-89 (August 14, 2006))
CUBA INDEPENDENT SCHOOL DISTRICT understands that there is nothing in the IDEA that requires a detailed explanation in the student's IEP of why their educational needs or education placements cannot be met in the location the parents request; however, CUBA INDEPENDENT SCHOOL DISTRICT will strive to adequately communicate such to parents. (See 71 Fed. Reg. 46588 (August 14, 2006))
CUBA INDEPENDENT SCHOOL DISTRICT will ensure that children with disabilities have available an instructional day commensurate with that of children without disabilities. The IEP Team may provide for a shortened school day as part of the child's IEP only in rare circumstances specific to the needs of the individual child. (See NMPED memoranda regarding <u>Shortened</u> <u>School Days for Students with Disabilities</u> (November 13, 2002) and <u>Length of School Day and Instructional</u> <u>Time</u> (January 3, 2003))
CUBA INDEPENDENT SCHOOL DISTRICT prohibits shortening the school day for a student with disabilities solely to accommodate transportation schedules or in

order to accommodate teacher planning time or for administrative convenience. (See NMPED memorandum regarding Length of School Day and Instructional Time (January 3, 2003))
CUBA INDEPENDENT SCHOOL DISTRICT will only shorten the school day for a child with a disability in the rare circumstance that it is educationally justified to meet the student's unique needs, as determined and documented by the IEP Team. Legitimate factors that IEP teams consider and that may indicate the need for a shortened school day include the student's stamina, medical needs, and behavioral and/or emotional needs. (See NMPED memorandum regarding Length of School Day and Instructional Time (January 3, 2003))

<u>§ 300.117 Nonacademic settings.</u>

(ii) Meets the educational standards of the SEA (including the requirements of this part).	
 (3) In carrying out this part with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 <i>et seq.</i>) are met.

CONFLICT RESOLUTION AT THE LOWEST POSSIBLE LEVEL		
Conflict Resolution at the Lowest Possible Level.		
(Not in Federal Regulations; See New Mexico Rules)	 6.31.2.7 NMAC. DEFINITIONS: C. Definitions related to dispute resolution. The following terms are listed in the order that reflects a continuum of dispute resolution options and shall have the following meanings for the purposes of these rules. (1) "Facilitated IEP meeting" or "FIEP meeting" or "FIEP" means an IEP meeting that utilizes an independent, state approved, state-funded, trained facilitator as an IEP facilitator to assist the IEP team to communicate openly and effectively, in order to resolve conflicts related to a student's IEP. (2) "Mediation" means a meeting or series of meetings that utilizes an independent, state-approved, state-funded, trained mediator to assist parties to reconcile disputed matters related to a student's IEP or other educational, non-IEP-related issues. 6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES: 	IDEA requires that parents turn first to the IDEA's administrative framework to resolve any conflicts they have with CUBA INDEPENDENT SCHOOL DISTRICT including regarding identification, evaluation, educational placement, or the provision of a FAPE. The Tenth Circuit federal court of appeals has interpreted the IDEA's exhaustion requirements broadly "noting Congress' clear intention to allow those with experience in educating the nation's disabled children 'at least the first crack at formulating a plan to overcome the consequences of educational shortfalls.'" (Ellenberg v. New Mexico Military Institute, 478 F.3d 1262 (10th Cir. 2007)) CUBA INDEPENDENT SCHOOL DISTRICT seeks to establish and maintain productive working relationships with the parents of each child it serves and to deal constructively with disagreements. Toward that end, CUBA INDEPENDENT SCHOOL DISTRICT provides appropriate training for staff and parents in skills and

G. Conflict management and resolution.	techniques of conflict prevention and management and dispute resolution. (See 6.31.2.13(G)(1) NMAC)
 (1) Each public agency shall seek to establish and maintain productive working relationships with the parents of each child the public agency serves and to deal constructively with disagreements. Each public agency is strongly encouraged to provide appropriate training for staff and parents in skills and techniques of conflict prevention and management and dispute resolution, and to utilize an informal dispute resolution method as set forth under Subparagraph (a) of Paragraph (2) of Subsection G of 6.31.2.13 NMAC to resolve disagreements at the local level whenever practicable. 	CUBA INDEPENDENT SCHOOL DISTRICT utilizes informal dispute resolution methods to resolve disagreements at the local level whenever practicable. (See 6.31.2.13(G)(2) NMAC) CUBA INDEPENDENT SCHOOL DISTRICT encourages parents to contact the campus principal first in an effort to resolve conflicts. If those efforts are not resolved to the parent's satisfaction, they should then contact the District Department of Special Education.
(2) Spectrum of dispute resolution options. To facilitate dispute prevention as well as swift, early conflict resolution whenever possible, the department and the public agency shall ensure that the following range of dispute resolution options is available to parents and public agency personnel.	
 (a) Informal dispute resolution option. If a disagreement arises between parents and a public agency over a student's IEP or educational program, either the parents or the public agency may convene a new IEP meeting at any time to attempt to resolve their differences at the local level, without state-level intervention. 	
(b) Third-party assisted intervention. The special education division (SED)of the department will ensure that mediation is available to parents and public agencies who request such third-party assisted intervention before filing a state-level complaint or a request for a due process hearing. The SED will honor a request for mediation that:	
(i) is in writing;	

ГТ	
	(ii) is submitted to the SED;
	(iii) is a mutual request signed by both parties or their designated representatives;
	 (iv) includes a statement of the matter(s) in dispute and a description of any previous attempts to resolve these matters at the local level; and
	 (v) any request that does not contain all of these elements will be declined, with an explanation for the SED's decision and further guidance, as appropriate.
	(c) Formal dispute resolution.
	 (i) A state-level complaint may be filed with the SED of the department by the parents of a child, or by another individual or organization on behalf of a child, as described under Subparagraph (a) of Paragraph (2) of Subsection H of 6.31.2.13 NMAC. Once a complaint has been filed, the parties may agree to convene a FIEP meeting or mediation as described under Paragraph (3) of Subsection H of 6.31.2.13 NMAC.
	 (ii) A request for a due process hearing may be filed by parents or their authorized representative, or by a public agency, as described under Paragraph (5) of Subsection I of 6.31.2.13 NMAC. A resolution session between the parties shall be convened by the public agency following a request for a due process hearing, unless the parties agree in writing to waive that option or to convene a mediation instead, as described under Paragraph (8) of Subsection I of 6.31.2.13 NMAC.

 (d) The Mediation Procedures Act, Section 44-7B-1 et seq. NMSA 1978, does not apply to mediations conducted under 6.31.2 NMAC.

§ 300.160 Participation in assessments.		
 (a) General. A State must ensure that all children with disabilities are included in all general State and district-wide assessment programs, including assessments described under section 1111 of the ESEA, 20 U.S.C. 6311, with appropriate accommodations and alternate assessments, if necessary, as indicated in their respective IEPs. (b) Accommodation guidelines. (1) A State (or, in the case of a district-wide assessment, an LEA) must develop guidelines for the provision of appropriate accommodations. (2) The State's (or, in the case of a district-wide assessment, the LEA's) guidelines must (i) Identify only those accommodations for each assessment that do not invalidate the score; and 	 6.29.1.9 NMAC. PROCEDURAL REQUIREMENTS: M. Statewide student assessment system. As stated in 22-2-8.13 NMSA 1978, students' knowledge and skills are assessed and evaluated though the New Mexico content standards with benchmarks and performance standards, the system of assessments, and local measures (2) Exceptions. Exceptions include special provisions and requirements for the assessment of English language learners and students with IEPs. (b) Students with IEPs. Students with IEPs who receive special education and related services shall participate in all statewide and district-wide assessments of student achievement or in state-approved alternate assessments. Pursuant to Subsection E of 6.31.2.11 NMAC, 34 CFR 300.320 (a)(2)(ii) and 34 CFR 300.320(a)(6), the IEPs for such students shall specify which 	CUBA INDEPENDENT SCHOOL DISTRICT's IEP teams will follow the NMPED guidelines when determining how a child will participate in the New Mexico Statewide Assessment Program, including how to select allowable accommodations and decide whether a child with a disability meets the criteria to be assessed based on modified or alternate academic achievement standards. CUBA INDEPENDENT SCHOOL DISTRICT will use the most current forms and follow the most current guidance of the NMPED.

- (ii) Instruct IEP Teams to select, for each assessment, only those accommodations that do not invalidate the score.
- (c) Alternate assessments aligned with alternate academic achievement standards for student with the most significant cognitive disabilities.
 - (1) If a State has adopted alternate academic achievement standards for children with disabilities who are students with the most significant cognitive disabilities as permitted in section 1111(b)(1)(E) of the ESEA, the State (or, in the case of a district-wide assessment, an LEA) must develop and implement alternate assessments and guidelines for the participation in alternate assessments of those children with disabilities who cannot participate in regular assessments, even with accommodations, as indicated in their respective IEPs, as provided in paragraph (a) of this section.
 - (2) For assessing the academic progress of children with disabilities who are students with the most significant cognitive disabilities under title I of the ESEA, the alternate assessments and guidelines in paragraph (c)(1) of this section must—
 - (i) Be aligned with the challenging State academic content standards under section 1111(b)(1) of the ESEA and alternate academic achievement standards under section 1111(b)(1)(E) of the ESEA; and
 - (ii) Measure the achievement of children with disabilities who are students with the most significant cognitive disabilities against those standards.
 - (3) Consistent with section 1111(b)(1)(E)(ii) of the ESEA and 34 CFR 200.6(c)(6), a State may not adopt modified academic achievement standards or any other alternate academic achievement

assessments each student will participate in and what, if any, accommodations or modifications in administration are needed to enable the student to participate. The IEPs for students who will not participate in a particular statewide or district-wide assessment shall meet stateapproved criteria, methods and instruments.

K (13)

To establish a level of proficiency on the (g) current graduation examination or the stateapproved alternate assessment for students on a career readiness program of study or ability program of study, IEP teams shall review the student's performance on the first attempt, and establish a targeted proficiency on all sections that are below the state's minimum requirement. For those students who meet participation criteria for the New Mexico alternate assessment, IEP teams shall set targeted levels of proficiency based upon previous performance on the test. If the student has previously been administered the New Mexico alternate assessment and has achieved an advanced level of overall performance, the IEP team shall arrange for the student to participate in the general graduation examination, and shall identify appropriate accommodations that the student may require. IEP teams shall document the targeted levels of proficiency on the IEP and the PWN, outlining the plan of action to be taken by both the student and the district or charter school to ensure that the student will meet the targeted levels of proficiency. Districts or charter schools may submit a written request for a waiver to the secretary in cases where a student has medical or mental health issues that may result in regression or that negatively influence the student's ability to achieve targeted levels of proficiency. The written request shall be signed by the superintendent or charter school administrator

(d) Explanation to IEP Teams. A State (or in the case of a district-wide assessment, an LEA) must—		
 Provide to IEP teams a clear explanation of the differences between assessments based on grade-level academic achievement standards and those based on alternate academic achievement standards, including any effects of State and local policies on a student's education resulting from taking an alternate assessment aligned with alternate academic achievement standards, such as how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma; and Not preclude a student with the most significant requiring dischibition and the student standard in the student standard in the student standard in the student with the most significant regular high school diploma; and 		
cognitive disabilities who takes an alternate assessment aligned with alternate academic achievement standards from attempting to complete the requirements for a regular high school diploma.		
(e) Inform parents. A State (or in the case of a district- wide assessment, an LEA) must ensure that parents of students selected to be assessed using an alternate assessment aligned with alternate academic achievement standards under the State's guidelines in paragraph (c)(1) of this section are informed, consistent with 34 CFR 200.2(e), that their child's achievement will be measured based on alternate academic achievement standards, and of how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma.		
(f) Reports. An SEA (or, in the case of a district-wide assessment, an LEA) must make available to the		

freq	lic, and report to the public with the same quency and in the same detail as it reports on the essment of nondisabled children, the following:	
(1)	The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations (that did not result in an invalid score) in order to participate in those assessments.	
(2)	The number of children with disabilities, if any, participating in alternate assessments based on grade level academic achievement standards in school years prior to 2017–2018.	
(3)	The number of children with disabilities, if any, participating in alternate assessments aligned with modified academic achievement standards in school years prior to 2016–2017.	
(4)	The number of children with disabilities who are students with the most significant cognitive disabilities participating in alternate assessments aligned with alternate academic achievement ndards.

(i)) The number of children participating in those assessments is sufficient to yield statistically reliable information; and	
(ii)) Reporting that information will not reveal personally identifiable information about an	

individual student on those assessments.	
 (g) Universal design. An SEA (or, in the case of a district-wide assessment, an LEA) must, to the extent possible, use universal design principles in developing and administering any assessments under 	
this section.

expended for special education and related services provided to children with disabilities under Part B of the Act, and in no case to supplant those Federal, State, and local funds.	
 (2) If the State provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of paragraph (c)(1) of this section if the Secretary concurs with the evidence provided by the State under § 300.164. 	
(Authority: 20 U.S.C. 1412(a)(17))	

-		
<u>§ 300.1</u>	63 Maintenance of State financial support.	
(a)	<i>General.</i> A State must not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.	
(b)	<i>Reduction of funds for failure to maintain support.</i> The Secretary reduces the allocation of funds under section 611 of the Act for any fiscal year following the fiscal year in which the State fails to comply with the requirement of paragraph (a) of this section by the same amount by which the State fails to meet the requirement.	
(c)	<i>Waivers for exceptional or uncontrollable circumstances.</i> The Secretary may waive the requirement of paragraph (a) of this section for a State, for one fiscal year at a time, if the Secretary determines that—

(d) Subsequent years. If, for any fiscal year, a State fails to meet the requirement of paragraph (a) of his section, including any year for which the State is granted a waiver under paragraph (c) of this section, the financial support required of the State in future years under paragraph (a) of this section shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.	
(Authority: 20 U.S.C. 1412(a)(18))	

<u>§ 300.164 Waiver of requirement regarding supplementing</u> and not supplanting with Part B funds.	
 (a) Except as provided under §§ 300.202 through 300.205, funds paid to a State under Part B of the Act must be used to supplement and increase the level of Federal, State, and local funds (including funds that are not under the direct control of SEAs or LEAs) expended for special education and related services provided to children with disabilities under Part B of the Act and in no case to supplant those Federal, State, and local funds. A State may use funds it retains under § 300.704(a) and (b) without regard to the prohibition on supplanting other funds. 	
(b) If a State provides clear and convincing evidence that all eligible children with disabilities throughout	

the State have FAPE available to them, the Secretary may waive for a period of one year in whole or in part the requirement under §300.162 (regarding State-level nonsupplanting) if the Secretary concurs with the evidence provided by the State.	
(c) If a State wishes to request a waiver under this section, it must submit to the Secretary a written request that includes—	
(1) An assurance that FAPE is currently available, and will remain available throughout the period that a waiver would be in effect, to all eligible children with disabilities throughout the State, regardless of the public agency that is responsible for providing FAPE to them. The assurance must be signed by an official who has the authority to provide that assurance as it applies to all eligible children with disabilities in the State;	
(2) All evidence that the State wishes the Secretary to consider in determining whether all eligible children with disabilities have FAPE available to them, setting forth in detail—

 (A) The State's procedures under § 300.111 for ensuring that all eligible children are identified, located and evaluated; 	
(B) The State's procedures for monitoring public agencies to ensure	

that they comply with all	
requirements of this part;	
(C) The State's complaint procedures under §§300.151 through 300.153; and	
 (D) The State's hearing procedures under §§300.511 through 300.516 and §§ 300.530 through 300.536;

(4) Evidence that the State, in determining that FAPE is currently available to all eligible children with disabilities in the State, has consulted with the State advisory panel under §300.167.	
(d) If the Secretary determines that the request and supporting evidence submitted by the State makes a prima facie showing that FAPE is, and will remain, available to all eligible children with disabilities in the State, the Secretary, after notice to the public throughout the State, conducts a public hearing at which all interested persons and organizations may present evidence regarding the following issues:	
(1) Whether FAPE is currently available to all eligible children with disabilities in the State.	
(2) Whether the State will be able to ensure that	

	FAPE remains available to all eligible children with disabilities in the State if the Secretary provides the requested waiver.	
(e)	Following the hearing, the Secretary, based on all submitted evidence, will provide a waiver, in whole or in part, for a period of one year if the Secretary finds that the State has provided clear and convincing evidence that FAPE is currently available to all eligible children with disabilities in the State, and the State will be able to ensure that FAPE remains available to all eligible children with disabilities in the State if the Secretary provides the requested waiver.	
(f)	A State may receive a waiver of the requirement of section $612(a)(18)(A)$ of the Act and § 300.164 if it satisfies the requirements of paragraphs (b) through (e) of this section.	
(g)	The Secretary may grant subsequent waivers for a period of one year each, if the Secretary determines that the State has provided clear and convincing evidence that all eligible children with disabilities throughout the State have, and will continue to have throughout the one-year period of the waiver, FAPE available to them.

 (ii) The amount described in paragraph (b)(2)(i) of this section is determined in accordance with the definition of <i>excess costs</i> in § 300.16. That amount may not include capital outlay or debt service.

 (1) Except as provided in paragraph (b)(2) of this section, the SEA must determine that an LEA complies with paragraph (a) of this section for purposes of establishing the LEA's eligibility for an award for a fiscal year if the LEA budgets, for the education of children with disabilities, at least the same total or per capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available: (i) Local funds only. (ii) The combination of State and local funds. (2) An LEA that relies on paragraph (b)(1)(i) of this section for any fiscal year must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available and the standard in paragraph (b)(1)(i) of this section. Notwithstanding the restriction in § 300.203(a), an LEA may reduce the level of expenditures by the LEA under Part B of the Act below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:	
 (a) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel. 	
(b) A decrease in the enrollment of children with disabilities.	
(c) The termination of the obligation of the agency, consistent with this part, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child—

If the public charter school is an LEA, consistent with 34 CFR Sec. 300.28, that receives funding under 34 CFR Sec. 300.705, that charter school is responsible for ensuring that the requirements of this part are met, unless state law assigns that responsibility to some other entity. Charter schools who are LEAs authorized under the public education commission shall satisfy child find requirements for children enrolled in the charter school.
- (4) Public charter schools that are not an LEA or a school that is part of an LEA.
 - (a) If the public charter school is not an LEA receiving funding under 34 CFR Sec. 300.705, or a school that is part of an LEA receiving funding under 34 CFR Sec. 300.705, the department is responsible for ensuring that the requirements of this part are met.

(2) If an LEA chooses not to coordinate with the NIMAC, the LEA must provide an assurance to the SEA that the LEA will provide instructional materials to blind persons or other persons with print disabilities in a timely manner. (3) Nothing in this section relieves an LEA of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats but are not included under the definition of blind or other persons with print disabilities in § 300.172(e)(1)(i) or who need materials that cannot be produced from NIMAS files, receive those instructional materials in a timely manner. <u>§§ 300.214–300.219 [Reserved]</u>	

§ 300.220 Exception for prior local plans.	
 (a) <i>General.</i> If an LEA or a State agency described in § 300.228 has on file with the SEA policies and 	

procedures that demonstrate that the LEA or State agency meets any requirement of § 300.200, including any policies and procedures filed under Part B of the Act as in effect before December 3, 2004, the SEA must consider the LEA or State agency to have met that requirement for purposes of receiving assistance under Part B of the Act.	
(b) Modification made by an LEA or State agency. Subject to paragraph (c) of this section, policies and procedures submitted by an LEA or a State agency in accordance with this subpart remain in effect until the LEA or State agency submits to the SEA the modifications that the LEA or State agency determines are necessary.	
(c) Modifications required by the SEA. The SEA may require an LEA or a State agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA's or State agency's compliance with Part B of the Act or State law, if—	
 After December 3, 2004, the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the applicable provisions of the Act (or the regulations developed to carry out the Act) are amended; 	
 (2) There is a new interpretation of an applicable provision of the Act by Federal or State courts; or 	
(3) There is an official finding of noncompliance with Federal or State law or regulations.

<u>§ 300.221 Notification of LEA or State agency in case of ineligibility.</u>	

If the SEA determines that an LEA or State agency is not eligible under Part B of the Act, then the SEA must—	
(a) Notify the LEA or State agency of that determination; and	
(b) Provide the LEA or State agency with reasonable notice and an opportunity for a hearing.	
(Authority: 20 U.S.C. 1413(c))	

§ 300.222 LEA and State agency compliance.	
(a) General. If the SEA, after reasonable notice and an opportunity for a hearing, finds that an LEA or State agency that has been determined to be eligible under this subpart is failing to comply with any requirement described in §§300.201 through 300.213, the SEA must reduce or must not provide any further payments to the LEA or State agency until the SEA is satisfied that the LEA or State agency is complying with that requirement.	
(b) Notice requirement. Any State agency or LEA in receipt of a notice described in paragraph (a) of this section must, by means of public notice, take the measures necessary to bring the pendency of an action pursuant to this section to the attention of the public within the jurisdiction of the agency.	
(c) Consideration. In carrying out its responsibilities under this section, each SEA must consider any decision resulting from a hearing held under §§ 300.511 through 300.533 that is adverse to the LEA or State agency involved in the decision.	
(Authority: 20 U.S.C. 1413(d))	

§ 300.223 Joint establishment of eligibility.	
(a) General. An SEA may require an LEA to establish its eligibility jointly with another LEA if the SEA determines that the LEA will be ineligible under this subpart because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.	
(b) Charter school exception. An SEA may not require a charter school that is an LEA to jointly establish its eligibility under paragraph (a) of this section unless the charter school is explicitly permitted to do so under the State's charter school statute.	
 (c) Amount of payments. If an SEA requires the joint establishment of eligibility under paragraph (a) of this section, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each LEA would have received under § 300.705 if the agencies were eligible for those payments. (Authority: 20 U.S.C. 1413(e)(1) and (2))

§ 300.226 Early intervening services.		1
 (a) General. An LEA may not use more than 15 percent of the amount the LEA receives under Part B of the Act for any fiscal year, less any amount reduced by the LEA pursuant to § 300.205, if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade three) who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment. (See Appendix D for examples of how § 300.205(d), regarding local maintenance of effort, and § 300.226(a) affect one another.) (b) Activities. In implementing coordinated, early intervening services under this section, an LEA may carry out activities that include— (1) Professional development (which may be provided by entities other than LEAs) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction a software; and (2) Providing educational and behavioral evaluations, services, and supports, including 	 6.31.2.9 NMAC. PUBLIC AGENCY RESPONSIBILITIES: D. Early intervening services set aside funds. Fifteen percent set aside. (1) Pursuant to 34 CFR Secs. 300.208(a)(2) and 300.266, LEAs may use up to fifteen percent of the amount the LEA receives under Part B of IDEA to implement early intervening services for children with or without disabilities in kindergarten through grade 12 with particular emphasis on children in kindergarten through grade three. (2) Prior to the implementation or use of these set aside funds, the LEA shall have on record with the department an approved plan for use of these funds as described by 34 CFR Sec. 300.226(b) and how such activities will be coordinated with regional education cooperatives as described in 34 CFR Sec. 300.226(e), if applicable. (3) The LEA plan for use of set aside funds shall be submitted as an addendum to its annual application for Part B funding. If the LEA determines to implement a set aside plan after the initial application, a request for implementation of a set aside plan shall be submitted for approval 60 days before the implementation of the plan. (4) Each LEA that develops and maintains coordinated, early intervening services shall report annually to the department as provided in 34 CFR Sec. 300.226(d). 	 IDEA gives local educational agencies flexibility to develop and implement coordinated, early intervening services for children who are not currently receiving special education services, but who require additional academic and behavioral support to succeed in a regular education environment. (See 71 Fed. Reg. 46628 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT understands that prior NMPED Special Education Bureau approval is required to use set aside funds for early intervening services. If CUBA INDEPENDENT SCHOOL DISTRICT develops and maintains coordinated, early intervening services, it will timely submit to the NMPED Special Education Bureau a final progress report. CUBA INDEPENDENT SCHOOL DISTRICT does not believe it is appropriate or necessary to specify how long a child can receive early intervening services before an initial evaluation is conducted. If a child receiving early intervening services is suspected of having a disability and a need for special education, CUBA INDEPENDENT SCHOOL DISTRICT will conduct a full and individual evaluation to determine if the child is a child with a disability and needs special education and related services. (See 71 Fed. Reg. 46626 (August 14, 2006))

	scientifically based literacy instruction.	
(c)	Construction. Nothing in this section shall be construed to either limit or create a right to FAPE under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability.	
(d)	Reporting. Each LEA that develops and maintains coordinated, early intervening services under this section must annually report to the SEA on—	
	 The number of children served under this section who received early intervening services; and 	
	(2) The number of children served under this section who received early intervening services and subsequently receive special education and related services under Part B of the Act during the preceding two year period.	
(e)	<i>Coordination with ESEA.</i> Funds made available to carry out this section may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this section.

§ 300.227 Direct services by the SEA.	
(a) General.	
 An SEA must use the payments that would otherwise have been available to an LEA or to a State agency to provide special education and 	

related services directly to children with disabilities residing in the area served by that LEA, or for whom that State agency is responsible, if the SEA determines that the LEA or State agency—	
 (i) Has not provided the information needed to establish the eligibility of the LEA or State agency, or elected not to apply for its Part B allotment, under Part B of the Act; 	
(ii) Is unable to establish and maintain programs of FAPE that meet the requirements of this part;	
(iii) Is unable or unwilling to be consolidated with one or more LEAs in order to establish and maintain the programs; or	
 (iv) Has one or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of these children. 	
(2) SEA administrative procedures.	
 (i) In meeting the requirements in paragraph (a)(1) of this section, the SEA may provide special education and related services directly, by contract, or through other arrangements. 	
(ii) The excess cost requirements of §300.202(b) do not apply to the SEA.	
 (b) Manner and location of education and services. The SEA may provide special education and related services under paragraph (a) of this section in the manner and at the locations (including regional or State centers) as the SEA considers appropriate. The education and services must be provided in 	

accordance with this part.	
(Authority: 20 U.S.C. 1413(g))	

§ 300.228 State agency eligibility.	
Any State agency that desires to receive a subgrant for any fiscal year under § 300.705 must demonstrate to the satisfaction of the SEA that—	
(a) All children with disabilities who are participating in programs and projects funded under Part B of the Act receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this part; and	
(b) The agency meets the other conditions of this subpart that apply to LEAs.	
(Authority: 20 U.S.C. 1413(h))	

§ 300.229 Disciplinary information.	
(a) The State may require that a public agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled children.	
 (b) The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other 	

individuals involved with the child.	
(c) If the State adopts such a policy, and the child transfers from one school to another, the transmission of any of the child's records must include both the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child.	
(Authority: 20 U.S.C. 1413(i))	

§ 300.230 SEA flexibility.	
(a) Adjustment to State fiscal effort in certain fiscal years. For any fiscal year for which the allotment received by a State under § 300.703 exceeds the amount the State received for the previous fiscal year and if the State in school year 2003– 2004 or any subsequent school year pays or reimburses all LEAs within the State from State revenue 100 percent of the non-Federal share of the costs of special education and related services, the SEA, notwithstanding §§ 300.162 through 300.163 (related to State-level nonsupplanting and maintenance of effort), and § 300.175 (related to direct services by the SEA) may reduce the level of expenditures from State sources for the education of children with disabilities by not more than 50 percent of the amount of such excess.	
 (b) <i>Prohibition.</i> Notwithstanding paragraph (a) of this section, if the Secretary determines that an SEA is unable to establish, maintain, or oversee programs of FAPE that meet the requirements of this part, or that the State needs assistance, intervention, or substantial intervention under § 300.603, the Secretary prohibits the SEA from exercising the authority in paragraph (a) of this section. (c) <i>Education activities.</i> If an SEA exercises the authority under paragraph (a) of this section, the 	

(d)	 agency must use funds from State sources, in an amount equal to the amount of the reduction under paragraph (a) of this section, to support activities authorized under the ESEA, or to support needbased student or teacher higher education programs. <i>Report.</i> For each fiscal year for which an SEA exercises the authority under paragraph (a) of this section, the SEA must report to the Secretary— The amount of expenditures reduced pursuant to that paragraph; and
	paragraph (c) of this section.
(e)	Limitation.
	(1) Notwithstanding paragraph (a) of this section, an SEA may not reduce the level of expenditures described in paragraph (a) of this section if any LEA in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the LEA receive FAPE from the combination of Federal funds received under Part B of the Act and State funds received from the SEA.
	(2) If an SEA exercises the authority under paragraph (a) of this section, LEAs in the State may not reduce local effort under § 300.205 by more than the reduction in the State funds they receive.

Parental Consent		
<u>§ 300.300 Parental consent.</u>		
(a) Parental consent for initial evaluation(1)	6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES:	CUBA INDEPENDENT SCHOOL DISTRICT will begin the process of obtaining parental consent for initial evaluation by identifying the parent and
 (i) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under § 300.8 must, after providing notice consistent with §§ 300.503 and 300.504, obtain informed consent, consistent with §300.9, from the parent of the child before conducting the evaluation. 	 F. Parental consent. (1) Informed parental consent as defined in 34 CFR Sec. 300.9 shall be obtained in compliance with 34 CFR Sec. 300.300 before (a) conducting an initial evaluation or reevaluation; and 	contacting the parent through various means such as by phone or through written correspondence, or by speaking to the parent in parent-teacher conferences.  (iii) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

(3)

- (i) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under paragraph (a)(1) of this section, or the parent fails to respond to a request to provide consent, the public agency may, but is not required to, pursue the initial evaluation of the child by utilizing the procedural safeguards in subpart E of this part (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516), if appropriate, except to the extent inconsistent with State law relating to such parental consent.
- (ii) The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation.
- (b) Parental consent for services
 - A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child.
 - (2) The public agency must make reasonable efforts to obtain informed consent from the

provision of special education and related services, the public agency may not use the due process and mediation procedures in Subsection I of 6.31.2.13 NMAC in order to obtain agreement or a ruling that the services may be provided to the child. If the parent refuses consent or fails to respond to a request to provide consent for the initial provision of special education and related services, the public agency will not be considered to be in violation of the requirement to make FAPE available to the child and is not required to convene an IEP team meeting or develop an IEP under 34 CFR Secs. 300.320 and 300.324. All provisions of 34 CFR Sec. 300.300 shall be followed with respect to parental consent.

- (4) Pursuant to 34 CFR Sec. 300.300(c)(2), informed parental consent need not be obtained for reevaluation if the public agency can demonstrate that it has taken reasonable measures to obtain that consent by using procedures consistent with those in 34 CFR Sec. 300.322(d) and the child's parent has failed to respond.
- (5) Pursuant to 34 CFR Sec. 300.300(d)(3), a public agency may not use a parent's refusal to consent to one service or activity for which consent is required to deny the parent or child any other service, benefit or activity of the public agency, except as required by 34 CFR Part 300.
- (6) Pursuant to 34 CFR Sec. 300.300(b)(4), parents may revoke consent for the continued provision of all special education and related services for their child. The revocation of consent shall be in writing. After providing prior written notice in accordance with 34 CFR Sec. 300.503, the public agency shall cease the provision of special education and related services for that child. The public agency may not use the due process and mediation procedures in Subsection I of 6.31.2.13 NMAC in order to obtain agreement or a ruling that services may be provided to the child. The public agency will not be considered to be in violation of the requirement to make FAPE available

of a surrogate. (See 71 Fed. Reg. 46631 (August 14, 2006))

If a surrogate parent already has been appointed because CUBA INDEPENDENT SCHOOL DISTRICT, after reasonable efforts, could not locate a parent, CUBA INDEPENDENT SCHOOL DISTRICT will not have to again attempt to contact other individuals meeting the definition of parent to seek consent. (See 71 Fed. Reg. 46631 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will use its consent override procedures only in rare circumstances when a parent refuses to consent to an initial evaluation or a reevaluation. CUBA INDEPENDENT SCHOOL DISTRICT is not required to pursue an initial evaluation of a child suspected of having a disability if the parent does not provide consent for the initial evaluation. CUBA INDEPENDENT SCHOOL DISTRICT is in the best position to determine whether, in a particular case, an initial evaluation should be pursued, and will make that determination on a caseby-case basis. (See 71 Fed. Reg. 46632 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT

understands that the consent override procedures are not available when a parent refuses to consent to the initial provision of special education and related services (or fails to respond to a request for consent to the initial provision of special education and related services). When a parent refuses to consent to the initial provision of special education and related services, **CUBA INDEPENDENT SCHOOL DISTRICT** will refer the child to the SAT for individual consideration.

CUBA INDEPENDENT SCHOOL DISTRICT

considers the "initial provision of services" to be the first time a parent is offered special education and related services after the child has been evaluated and has been determined to be a child with a disability. (See 71 Fed. Reg. 46633 (August 14, 2006))

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. In addition, CUBA INDEPENDENT SCHOOL DISTRICT understands that instructional screening may not be used to delay an evaluation for special education and related services. (See 71 Fed. Reg. 46639 (August 14, 2006), See also, <i>Letter to Torres</i> , (OSEP 2009)).

The opportunity for a parent and CUBA INDEPENDENT SCHOOL DISTRICT to agree that a reevaluation is unnecessary occurs before the reevaluation begins (including before the review of existing evaluation data). - (d) Procedures for conducting evaluations and reevaluations.
 - (i) The public agency shall provide notice to the parents of a child with a disability that describes any evaluation procedures the public agency proposes to conduct in compliance with 34 CFR Sec. 300.503.
 - (iv) Each public agency shall use a variety of assessment tools and strategies to gather relevant functional, developmental and academic information about the child, including information provided by the child's family that may assist in determining if the child is a child with a disability, the content of the child's IEP including information related to assisting the child to be involved and progress in the general education curriculum or for a preschool child to participate in appropriate activities.
- E. Procedural requirements for the assessment and evaluation of culturally and linguistically diverse children.
 - (1) Each public agency shall ensure that tests and other evaluation materials used to assess children are selected, provided and administered so as not to be discriminatory on a racial or cultural basis and are provided and administered in the child's native language or other mode of communication, such as American sign language, and in the form most likely to yield accurate information, on what the child knows and can do academically, developmentally and functionally, unless it is clearly not feasible to

status, and motor abilities. This is not an exhaustive list of areas that may be assessed. Decisions regarding the areas to be assessed are determined by the suspected needs of the child. If a child's behavior or physical status is of concern, evaluations addressing these areas will be conducted. (See 71 Fed. Reg. 46643 (August 14, 2006))

It is standard test administration practice of CUBA INDEPENDENT SCHOOL DISTRICT to include in the evaluation report the extent to which an assessment varied from standard conditions, including the language or other mode of communication that was used in assessing a child. (See, 71 Fed. Reg. 46643 (August 14, 2006))

The native language information may be found in the student's cumulative folder as part of the enrollment information. Upon enrollment, parents complete the home language portion which indicates the language normally used by the parents and the language normally used by the child in the home. If necessary, additional information will be gathered to determine the native language of the child for purposes of providing and administering assessments and other evaluation materials in the child's native language or other mode of communication and in the form most likely to yield accurate information.

The NMPED has issued a guidance document titled, <u>New Mexico Technical Evaluation and Assistance</u> <u>Manual: Determining Eligibility for IDEA Part B</u> <u>Special Education Services</u> (NM TEAM, December 2017), available through the NMPED website. The NM TEAM presents a sustained effort to standardize evaluation and assessment procedures and eligibility criteria in every IDEA disability category. - (3) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

- (2) Each public agency shall ensure that selected assessments and measures are valid and reliable and are administered in accordance with instructions provided by the assessment producer and are administered by trained and knowledgeable personnel.
- (3) Each public agency shall consider information about a child's language proficiency in determining how to conduct the evaluation of the child to prevent misidentification. A child may not be determined to be a child with a disability if the determinant factor for that eligibility determination is limited English proficiency. Comparing academic achievement results with grade level peers in the public agency with similar cultural and linguistic backgrounds should guide this determination process and ensure that the child is exhibiting the characteristics of a disability and not merely language difference in accordance with 34 CFR Sec. 300.306(b)(1).
- (4) Each public agency shall ensure that the child is assessed in all areas related to the suspected disability.

 - (b) assessments that are selected ensure that results accurately reflect the child's aptitude or achievement level.

CUBA INDEPENDENT SCHOOL DISTRICT does not define "other qualified professionals" for purposes of the review of existing evaluation data, but instead, will make that determination on a case-by-case basis as appropriate to the specific child. (f) Each LEA shall designate a team including parents and qualified professionals to review existing evaluation data for each child entering the LEA's preschool program in compliance with 34 CFR Sec. 300.305, and based on that review to identify what additional data, if any, are needed to determine the child's eligibility for Part B services or develop an appropriate program in a manner that is consistent with Paragraph (3) of Subsection A of this section. The notice of procedural safeguards shall be given to the parents as provided in Paragraph (3) of Subsection D of 6.31.2.13 NMAC.

G. Graduation planning and post-secondary transitions.

CUBA INDEPENDENT SCHOOL DISTRICT will conduct a review of existing evaluation data prior to an initial evaluation, if appropriate, and prior to any reevaluation. The reevaluation always commences with the review of existing evaluation data. The review of existing evaluation data determines the scope of the evaluation. CUBA INDEPENDENT SCHOOL DISTRICT is not required to obtain parental consent before reviewing existing data as part of an initial evaluation or a reevaluation. (See <u>OSEP Letter to</u> Anonymous (Feb. 6, 2007))

CUBA INDEPENDENT SCHOOL DISTRICT

recognizes the NMPED guidance with the May 2021 updated <u>Procedure for Review of Existing Evaluation</u> <u>Data</u> and <u>REED Form</u> during Initial Evaluations and Reevaluations.

If a parent who revoked consent for special education and related services later requests that his or her child be re-enrolled in special education, CUBA **INDEPENDENT SCHOOL DISTRICT** will treat this request as a request for an initial evaluation, rather than a reevaluation. However, depending on the existing data available, a new evaluation may not always be required. The IEP Team and other qualified professionals may review existing evaluation data as part of an initial evaluation (if appropriate) that includes classroombased, local, or State assessments, and classroom-based observations by teachers and related services providers. On the basis of that review and input from the child's parents, the IEP Team and other qualified professionals will identify what additional data, if any, are needed to determine whether the child is a child with a disability and the educational needs of the child. Therefore, CUBA INDEPENDENT SCHOOL DISTRICT may not always have to expend resources on a "new" initial evaluation. (See 73 Fed. 73015 (December 1, 2008))

Based on the review of existing evaluation data, and input from the child's parents, the IEP Team and other qualified professionals, as appropriate, must determine whether additional data are needed to determine whether

 - (2) The public agency is not required to conduct the assessment described in paragraph (d)(1)(ii) of this section unless requested to do so by the child's parents.
- (e) *Evaluations before change in eligibility.*
 - Except as provided in paragraph (e)(2) of this section, a public agency must evaluate a child with a disability in accordance with §§ 300.304 through 300.311 before determining that the child is no longer a child with a disability.
 - (2) The evaluation described in paragraph (e)(1) of this section is not required before the termination of a child's eligibility under this part due to graduation from secondary school

(5) For a child whose eligibility terminates due to graduation from secondary school with a regular diploma or due to reaching the child's twenty-second birthday, the public agency shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's post-secondary goals pursuant to 34 CFR Sec. 300.305(e)(3). the child continues to be a child with a disability, and the educational needs of the child; the present levels of academic achievement and related developmental needs of the child; whether the child continues to need special education; and whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum. If following the review of existing evaluation data, the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability, and to determine the child's educational needs, CUBA INDEPENDENT SCHOOL DISTRICT will notify the child's parents of: (i) that determination and the reasons for the determination; and (ii) the right of the parents to request an assessment to determine whether the child continues to be a child with a disability, and to determine the child's educational needs. Under these circumstances, CUBA **INDEPENDENT SCHOOL DISTRICT** may not conduct an assessment unless requested to do so by the child's parents. If the parents do not request an assessment, then the review of existing data constitutes the reevaluation. (See OSEP Letter to Anonymous (Feb. 6, 2007)) CUBA INDEPENDENT SCHOOL DISTRICT will prepare a Summary of Performance as required by the

IDEA for each child with a disability prior to the child's eligibility terminating due to graduation with a regular high school diploma or due to exceeding age eligibility for a FAPE. The Summary of Performance takes the place of a reevaluation.

CUBA INDEPENDENT SCHOOL DISTRICT is not required to conduct evaluations for children to meet the entrance or eligibility requirements of another institution or agency. A child may not be determined to be a child with a disability if the determinant factor for that eligibility determination is limited English proficiency. Comparing academic achievement results with grade level peers in the public agency with similar cultural and linguistic backgrounds should guide this determination process and ensure that the child is exhibiting the characteristics of a disability and not merely language difference in accordance with 34 CFR Sec. 300.306(b)(1).

F. Eligibility determinations.

. . .

. . .

- (1) General rules regarding eligibility determinations.
 - (a) Upon completing the administration of tests and other evaluation materials, a group of qualified professionals and the parent of the child shall determine whether the child is a child with a disability, as defined in 34 CFR Sec. 300.8 and Paragraph (2) of Subsection B of 6.31.2.7 NMAC. The determination shall be made in compliance with all applicable requirements of 34 CFR Sec. 300.306 and these or other department rules and standards and, for a child suspected of having a specific learning

reference in these procedures, and through staff development (as appropriate), shall inform appropriate personnel of this guidance document.

While it would be appropriate for parents to review documents related to the determination of eligibility prior to the eligibility determination, it would not be appropriate for CUBA INDEPENDENT SCHOOL DISTRICT to provide documentation of the determination of eligibility prior to discussing a child's eligibility for special education and related services with the parent. Providing documentation of the eligibility determination to a parent prior to a discussion with the parent regarding the child's eligibility could indicate that CUBA INDEPENDENT SCHOOL DISTRICT made its determination without including the parent, and possibly qualified professionals, in the decision. (See 71 Fed. Reg. 46645 (August 14, 2006))

The eligibility group which includes the parent should work toward consensus, but CUBA INDEPENDENT SCHOOL DISTRICT has the ultimate responsibility to determine whether the child is a child with a disability. CUBA INDEPENDENT SCHOOL DISTRICT encourages parents and school personnel to work together in making the eligibility determination. If the parent disagrees with CUBA INDEPENDENT SCHOOL DISTRICT's determination regarding eligibility, CUBA INDEPENDENT SCHOOL DISTRICT must provide the parent with prior written notice and the parent's right to seek resolution of any disagreement through an impartial due process hearing. (See 71 Fed. Reg. 46661 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will hold a masting to develop the shild's IEP within 20 d

hold a meeting to develop the child's IEP within 30 days of determining that a child is eligible for special education services under the IDEA. (See 71 Fed. Reg. 46637 (August 14, 2006))

Neither the IDEA nor State law establishes a timeline for providing a copy of the evaluation report or the

 disability, in compliance with the additional procedures of 34 CFR Secs. 300.307 through300.311, and these or other department rules, policies and standards. (b) The public agency shall provide a copy of the evaluation report and the documentation of determination of eligibility to the parent. 	documentation of determination of eligibility to the parents, instead leaving it up to local discretion. CUBA INDEPENDENT SCHOOL DISTRICT will ensure that parents have the information they need to participate meaningfully in IEP Team meetings, which may include reviewing their child's records. CUBA INDEPENDENT SCHOOL DISTRICT will comply with a parent request to inspect and review existing education records, including an evaluation report, without unnecessary delay and before any meeting regarding an IEP, and in no case more than 45 days after the request has been made. (See 34 C.F.R. § 300.613(a))
	CUBA INDEPENDENT SCHOOL DISTRICT will respond to reasonable requests for explanations and interpretations of records. (See 34 C.F.R. § 300.613(b)(1)) (See 71 Fed. Reg. 46645 (August 14, 2006))
	Whether a child has received "appropriate instruction" is appropriately left to State and CUBA INDEPENDENT SCHOOL DISTRICT officials to determine. While information regarding the quality of instruction a child received in the past may be helpful in determining whether a child is eligible for special education services, it is not essential. CUBA INDEPENDENT SCHOOL DISTRICT, however, must ensure that the determinant factor in deciding that a child is a child with a disability is not a lack of appropriate instruction in reading and math. (See 71 Fed. Reg. 46646 (August 14, 2006))
	CUBA INDEPENDENT SCHOOL DISTRICT recognizes the NMPED guidance with the September 24, 2020 Memorandum: <u>Clarification of special</u> education and related services in New Mexico associated with determining the need for specific related services (2020). CUBA INDEPENDENT SCHOOL DISTRICT, by reference in these procedures, and through staff development (as appropriate), shall inform appropriate personnel of this guidance document.

<u>§ 300.307 Specific learning disabilities.</u>		
 (a) General. A State must adopt, consistent with § 300.309, criteria for determining whether a child has a specific learning disability as defined in §300.8(c)(10). In addition, the criteria adopted by the State— (1) Must not require the use of a severe discrepancy between intellectual ability and achievement for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10); (2) Must permit the use of a process based on the child's response to scientific, research-based intervention; and (3) May permit the use of other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10). (b) Consistency with State criteria. A public agency must use the State criteria adopted pursuant to paragraph (a) of this section in determining whether a child has a specific learning disability. (Authority: 20 U.S.C. 1221e–3; 1401(30); 1414(b)(6)) 	 6.31.2.7 NMAC. DEFINITIONS: B. The following terms shall have the following meanings for purposes of these rules. (4) "Dual discrepancy" means the child does not achieve adequately for the child's age or to meet grade-level standards established in Standards for Excellence (Chapter 29 of Title 6 of the NMAC); and (a) does not make sufficient progress to meet age or grade-level standards; or (b) exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, grade level standards or intellectual development. (5) "Dyslexia" means a specific learning disability that is neurobiological in origin and that is characterized by difficulty with accurate or fluent word recognition and by poor spelling and decoding abilities, which characteristics typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction and may result in problems in reading comprehension and reduced reading experience that may impede the growth of vocabulary and background knowledge. 	The NMPED has issued a guidance document titled, New Mexico Technical Evaluation and Assistance Manual: Determining Eligibility for IDEA Part B Special Education Services (NM TEAM, December 2017), available through the NMPED website. CUBA INDEPENDENT SCHOOL DISTRICT recognizes it must use the State criteria when determining whether a child has a Specific Learning Disability. In the specific learning disability category. CUBA INDEPENDENT SCHOOL DISTRICT expect that evaluation teams adhere to NM TEAM (December 2017) when evaluating a student for a suspected learni disability, as a means of ensuring compliance with Sta criteria. (See <u>OSEP Letter to Massanari</u> (September 2 2007); see also <u>OSEP Letter to Zirkel</u> (August 15, 2007). When designing and conducting an initial evaluation of reevaluation for an individual child suspected of havin a learning disability using the severe discrepancy mod the Highly Recommended and Potential Additional components of an evaluation will be considered and followed as appropriate given the characteristics and needs of the individual child. Consistent with federal and New Mexico state regulations, two distinct models of determining SLD eligibility have been established: severe discrepancy a dual discrepancy. Regardless of the model, areas to be covered in an initial evaluation are identical. It is not t components but the interpretation and use of the result that differs from model to model. To successfully mak an appropriate eligibility determination under the SLD category, CUBA INDEPENDENT SCHOOL DISTRICT expects EDTs to understand the criteria fo each of the methods (i.e., severe discrepancy and dual

The dual discrepancy model is optional for grades 4-6. Otherwise, the CUBA INDEPENDENT SCHOOL DISTRICT uses the severe discrepancy model as defined and described in NM TEAM. (See <u>NM TEAM</u>, December 2017) In addition, for any child who has been referred for an evaluation due to specific difficulties in reading or written expression, CUBA INDEPENDENT SCHOOL DISTRICT expects that assessments be conducted to determine whether the child demonstrates the characteristics of dyslexia. Not all children with SLD in reading and/or written expression will demonstrate the characteristics of dyslexia, as dyslexia is defined as a specific pattern of processing deficits. However, CUBA INDEPENDENT SCHOOL DISTRICT expects EDTs to consider dyslexia for all students referred for an evaluation for potential eligibility under the category of SLD in the areas of reading and/or written expression. (See NM TEAM, December 2017)
	CUBA INDEPENDENT SCHOOL DISTRICT uses the NMPED manual, <u>Dyslexia Handbook: A Guide to</u> <u>Teaching ALL Students to Read through Structured</u> <u>Literacy (2020)</u> , and <u>New Mexico Technical Evaluation</u> and Assessment Manual: Identification of Dyslexia <u>Supplemental Narrative and Worksheet (2020)</u> , as its guiding documents in implementing the student intervention and identification of Dyslexia. <u>CUBA</u> <u>INDEPENDENT SCHOOL DISTRICT</u> , by reference in these procedures, and through staff development (as appropriate), shall inform appropriate personnel of this guidance document.

(b) To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in §§ 300.304 through 300.306— (1) Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and (2) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child's parents. (c) The public agency must promptly request <i>parental</i> consent to evaluate the child to determine if the child needs special education and related services, and must adhere to the timeframes described in §§ 300.301 and 300.303, unless extended by mutual written agreement of the child's parents and a group of qualified professionals, as described in §300.306(a)(1)— 	 (2) Preschool children suspected of having a specific learning disability shall be evaluated in accordance with Subparagraph (f) of Paragraph (5) of Subsection A of 6.31.2.11 NMAC and 34 CFR Secs. 300.300 through 300.305, which may include the severe discrepancy model. (3) Public agencies shall implement the dual discrepancy model in kindergarten through third grade utilizing the student assistance team and the three-layer model of student intervention as defined and described in the New Mexico Technical Evaluation and Assessment Manual (New Mexico T.E.A.M.). Data on initial evaluations for perceived learning disabilities in kindergarten through the student teacher accountability reporting system (STARS). (4) In identifying children with specific learning disabilities in grades four through 12, the public agency may use the dual discrepancy model as defined and described in the New Mexico T.E.A.M. or the severe discrepancy model as defined and described in New Mexico T.E.A.M. 	For any child who has been referred for an evaluation due to specific difficulties in reading or written expression, assessments should be conducted to determine whether the child demonstrates the characteristics of dyslexia. CUBA INDEPENDENT SCHOOL DISTRICT recognizes that not all children with SLD in reading and/or written expression will demonstrate the characteristics of dyslexia, as dyslexia is defined as a specific pattern of processing deficits. (See NM TEAM, December 2017) Intellectual development is included as one of three standards of comparison, along with age and State- approved grade-level standards. The reference to "intellectual development" in this provision means that the child exhibits a pattern of strengths and weaknesses in performance relative to a standard of intellectual development such as commonly measured by IQ tests. Use of the term is consistent with the discretion provided in the IDEA in allowing the continued use of discrepancy models. (See 71 Fed. Reg. 46651 (August 14, 2006)) Under the Dual Discrepancy Model, the results from the assessment of cognitive abilities should be utilized solely to determine the level of the student's cognitive functioning. The data are not to be used for making discrepancy determinations. (See NM TEAM, December 2017) When using a significant discrepancy model, CUBA INDEPENDENT SCHOOL DISTRICT evaluators will ensure that adequate data are gathered, recognizing that there is a substantial research base summarized in several recent consensus reports that does not support the hypothesis that a discrepancy model by itself can differentiate children with disabilities and children with general low achievement. (See 71 Fed. Reg. 46650 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT will

Such consideration should take into account multiple sources of information, including the home environment, language proficiency, and other contextual factors gathered in the evaluation. (See 71 Fed. Reg. 46655 (August 14, 2006))
(Authority: 20 U.S.C. 1221e–3; 1401(30); 1414(b)(6))	CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the group of qualified professionals eliminate all exclusionary factors before the group of qualified professionals and the parent reach the conclusion that the child is a child with a specific learning disability.
	Eligibility is contingent on the ability of CUBA INDEPENDENT SCHOOL DISTRICT to provide appropriate instruction. Determining the basis of low achievement when a child has been given appropriate instruction is the responsibility of the eligibility group. (See 71 Fed. Reg. 46656 (August 14, 2006))
	CUBA INDEPENDENT SCHOOL DISTRICT understands it is important for the eligibility group to have the information that it needs to rule out that the child's underachievement is a result of a lack of appropriate instruction. That could include evidence that the child was provided appropriate instruction either before, or as a part of, the referral process. (See 71 Fed. Reg. 46656 (August 14, 2006))
	CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the eligibility group considers whether the child received appropriate instruction from qualified personnel. For children who attend private schools or charter schools or who are home schooled, it may be necessary to obtain information from parents and teachers about the curricula used and the child's progress with various teaching strategies. The eligibility group also may use information from current classroom-
	based assessments or classroom observations. On the basis of the available information, the eligibility group may identify other information that is needed to determine whether the child's low achievement is due to a disability, and not primarily the result of lack of

appropriate instruction. The requirements for special education eligibility or the expectations for the quality of teachers or instructional programs are not affected, and do not differ, by the location or venue of a child's instruction. (See 71 Fed. Reg. 46656 (August 14, 2006))
Before determining that a child has a specific learning disability, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the group of qualified professionals consider data that demonstrate that prior to or as part of the referral process, the child received appropriate instruction in regular education settings and that data-based documentation of repeated assessments of achievement during instruction was provided to the child's parents.
If the child has not made adequate progress under these conditions after an appropriate period of time, CUBA INDEPENDENT SCHOOL DISTRICT will refer the child for an evaluation to determine if special education and related services are needed. Additionally, the child's parents and the group of qualified professionals are permitted to extend the 60-day evaluation timelines for initial evaluation by mutual written agreement. (See 71 Fed. Reg. 46750 (August 14, 2006))

<u>§ 300.31</u>	0 Observation.	
	The public agency must ensure that the child is observed in the child's learning environment (including the regular classroom setting) to document the child's academic performance and behavior in the areas of difficulty. In the CUBA INDEPENDENT SCHOOL DISTRICT, the observation is completed in the child's learning environments including the general classroom setting, either through the SAT process or as part of the initial evaluation process. CUBA INDEPENDENT SCHOOL DISTRICT expects that the observation be completed in all areas of difficulty.

INDIVIDUALIZED EDUCATION PROGRAMS § 300.320 Definition of individualized education program. (a) General. As used in this part, the term individualized education program or IEP means a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with \$\$ 300.320 through 300.324, and that must include— (1) A statement of the child's present levels of academic achievement and functional performance, including – (i) How the child's disability affects the child's involvement and progress in the general education curriculum (i.e., the 	 6.31.2.11 NMAC. (See 71 Fed. Reg. 46662 (August 14, 2006)) "Functional" is a term that CUBA INDEPENDENT SCHOOL DISTRICT generally understands to refer to skills or activities that are not considered academic or related to a child's academic achievement. - (i) A statement of measurable annual goals, including academic and functional goals designed to—
 - (A) Meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; and
 - (B) Meet each of the child's other educational needs that result from the child's disability;
- (ii) For children with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short- term objectives;

 - (ii) When periodic reports on the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;
- (4) A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided to

department rules and standards for each child with a disability who is placed in or referred to a private school or facility by the public agency.

- E. Participation in statewide and district-wide assessments. Each local educational agency and other public agencies when applicable shall include all children with disabilities in all statewide and district-wide assessment programs. Each public agency shall collect and report performance results in compliance with the requirements of 34 CFR Sec. 300.157 and Sec. 1111(h) of the Elementary and Secondary Education Act, and any additional requirements established by the department. Students with disabilities may participate:
 - (1) in the appropriate general assessment in the same manner as their nondisabled peers; this may include the use of adaptations that are deemed appropriate for all students by the department; or
 - (2) in the appropriate general assessment with appropriate accommodations in administration if necessary; public agencies shall use the current guidance from the department about accommodations as specified in the student's IEP; or
- (3) in alternate assessments for the small number of students for whom alternate assessments are appropriate under the department's established participation criteria; the IEP team shall agree and document that the student is eligible for participation in an alternate assessment based on alternate achievement standards according to 34 CFR Sec. 300.320(a)(6).

 - (1) The IEP for each child with a disability in grades 8 through 12 is developed, implemented and monitored in compliance with all applicable requirements of the department's standards for

Neither the IDEA nor CUBA INDEPENDENT

SCHOOL DISTRICT requires goals to be written for each specific discipline. (See 71 Fed. Reg. 4662 (August 14, 2006)) Instead, for example, if the IEP Team has determined that a student needs speech and language therapy services as a component of FAPE, the IEP must include goals that address the student's need to develop and/or improve communication-related skills; however, it would not be necessary to label the goals as "speech therapy" goals. Therefore, if the IEP includes goals which appropriately address the student's need to develop communication-related skills, no additional or separate "therapy" goals are required. (See <u>OSEP Letter</u> to Hayden (Oct. 3, 1994))

CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP for every child with a disability includes functional and academic measurable annual goals. CUBA INDEPENDENT SCHOOL DISTRICT will further ensure that the IEP of a child who takes the NM Alternate Assessment includes benchmarks or short-term objectives.

IDEA does not require goals to have outcomes and measures on a specific assessment tool. However, **CUBA INDEPENDENT SCHOOL DISTRICT** expects that the goals be objectively measurable. (See 71 Fed. Reg. 46662 (August 14, 2006))

Report cards and quarterly report cards are examples of when periodic reports on the child's progress toward meeting the annual goals might be provided. The specific times that progress reports are to be provided to parents and the specific manner and format in which a child's progress toward meeting the annual goals is reported are best left to State and CUBA INDEPENDENT SCHOOL DISTRICT officials to determine. (See 71 Fed. Reg. 46664 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP Team determines for each individual child how progress toward meeting the annual goals will be measured, and when parents will be provided with

- (a) Graduation plans shall include the course of study, projected date of graduation and if the child is not on target for the graduation plan, the strategies and responsibilities of the public agency, child and family shall be identified in the IEP.
- (b) Graduation options for children with disabilities at Paragraph (13) of Subsection J of 6.29.1.9 NMAC (correct citation is 6.29.1.9 (K) NMAC) must align with state standards with benchmarks when appropriate.
- (c) An alternative degree that does not fully align with the state's academic standards, such as a certificate or high school equivalency credential, does not end a child's right to FAPE pursuant to 34 CFR Sec. 300.102(a)(3).
- (2) Appropriate post-secondary transition planning for children with disabilities is essential. Public agencies shall integrate transition planning into the IEP process pursuant to 34 CFR Secs. 300.320(b), and 300.324(c) and shall establish and implement appropriate policies, procedures, programs and services to promote successful post-secondary transitions for children with disabilities. Transition services for students 14-21 include the following.
 - (a) Transition services are a coordinated set of activities for a child with a disability that emphasizes special education and related services designed to meet unique needs and prepare them for future education, employment and independent living.

periodic reports of the child's progress. CUBA INDEPENDENT SCHOOL DISTRICT will maintain copies of the progress reports provided to parents.

CUBA INDEPENDENT SCHOOL DISTRICT permits use of electronic mail to provide parents with their child's IEPs and related documentation, such as progress reports provided that the parents agree to use the electronic mail option and has safeguards in place to ensure the integrity of the process. (See <u>OSEP Letter to</u> <u>Breton</u> (March 21, 2014))

If the child fails to make progress under the IEP, CUBA INDEPENDENT SCHOOL DISTRICT expects that the IEP be reviewed and the reasons for the lack of progress be identified. If necessary, CUBA INDEPENDENT SCHOOL DISTRICT expects that the IEP will be revised to assist the child in achieving his/her annual goals, and that any services needed to achieve those goals will be included in the IEP, including both special education and related services. (See <u>OSEP Letter to</u> <u>Morris</u> (August 15, 2007))

CUBA INDEPENDENT SCHOOL DISTRICT does not require all IEP Team meetings to include a focused discussion on research-based methods as such requirements are unnecessary and would be overly burdensome. (See 71 Fed. Reg. 46665 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT expects that school personnel will select and use methods that research has shown to be effective, to the extent that methods based on peer-reviewed research are available. This does not mean that the service with the greatest body of research is the service necessarily required for a child to receive FAPE. (See 71 Fed. Reg. 46665 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT

understands that there is nothing in the Act to suggest that the failure of a public agency to provide services based on peer-reviewed research would automatically

 - (2) The transition services (including courses of study) needed to assist the child in reaching those goals.
- (c) Transfer of rights at age of majority. Beginning not later than one year before the child reaches the age of majority under State law, the IEP must include a statement that the child has been informed of the child's rights under Part B of the Act, if any, that will transfer to the child on reaching the age of majority under § 300.520.
- (d) *Construction*. Nothing in this section shall be construed to require—

- (c) Transition services shall be based on the individual child's needs, taking into account the child's strengths, preferences and interests and includes:

 - (iii) community experiences;
 - (iv) the development of employment and other post-school adult living objectives; and
 - (v) when appropriate, acquisition of daily living skills and the provision of a functional vocational evaluation.
- (d) Transition services for children with disabilities may be considered special education, if provided as individually designed instruction, aligned with the state standards with benchmarks, or related service, if required to assist a child with a disability to benefit from special education as provided in 34 CFR Sec. 300.43.
- (3) State rules require the development of measurable post-school goals beginning not later than the first IEP to be in effect when the child turns 14, or younger, if determined appropriate by the IEP team, and updated annually thereafter. Pursuant to 34 CFR Sec. 300.320(b), the IEP shall include:

result in a denial of FAPE. (See 71 Fed. Reg. 46665 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT does not require that every IEP include specific instructional methodologies. CUBA INDEPENDENT SCHOOL DISTRICT recognizes the U.S. Department of Education's longstanding position that it is an IEP Team decision whether to include instructional methods in an IEP. Therefore, if an IEP Team determines that specific instructional methods are necessary for the child to receive a FAPE, then instructional methods may be addressed in the IEP. (See 71 Fed. Reg. 46665 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT expects that the amount of service in an IEP shall be clearly stated in a manner that is appropriate to each specific service and clear to all who are involved in the development and implementation of the child's IEP. The statement of the amount of each specific service must be sufficiently specific to reflect the commitment of CUBA INDEPENDENT SCHOOL DISTRICT resources to the particular service to ensure that the child's IEP addresses the child's identified educational needs. CUBA INDEPENDENT SCHOOL DISTRICT does not permit using ranges of time to express the CUBA INDEPENDENT SCHOOL DISTRICT's level of commitment to a particular special educational or related service since a child's IEP would not contain the specific amount of time committed for that service. (See OSEP Letter to Ackron (1990))

or entrepreneurships related to the student's

experience or community-based instruction credits. The student shall achieve competency in all areas of the employability and career development standards with benchmarks and performance standards, as determined by the IEP team and the student's interest as it relates to the career clusters. The program of study shall address the New Mexico content standards with benchmarks and performance standards in other subject areas as appropriate.	
 (iii) An ability program of study was developed for students who have a significant cognitive disability or severe mental health issues. The IEP goals and functional curriculum course work shall be based on the New Mexico standards with benchmarks and performance standards and employability and career development standards with benchmarks and performance standards. Students in this program of study shall earn the minimum number of credits or be provided equivalent educational opportunities required by the district or charter school, with course work individualized to meet the unique needs of the student through support of the IEP. In addition, a student shall take either the current state graduation examination(s) administered pursuant to Subsection K of Section 22-13-1.1 NMSA 1978, under standard administration or with state-approved alternate assessment. The student shall achieve a level of competency predetermined by the student's IEP team on the current graduation examination or the state-approved alternate assessment and meet all other graduation requirements established by the IEP team. 	

(c) The new requirements for the career readiness and ability pathways become effective beginning with students graduating in 2009.	
(d) By the end of the eighth grade, each student's IEP shall contain a proposed individual program of study for grades nine through twelve. The program of study shall identify by name all course options the student may take and shall align with the student's long-range measurable post-secondary goals and transition services to facilitate a smooth transition to high school and beyond. This program of study shall be reviewed on an annual basis and adjusted to address the student's strengths, interests, preferences and areas of identified educational and functional needs. The IEP team shall document on the IEP the student's progress toward earning required graduation credits and passing the current graduation examination.	
(e) A district or charter school shall provide each student, who has an IEP and who graduates or reaches the maximum age for special education services, a summary of the student's academic achievement and functional performance, which shall include recommendations on how to assist the student in meeting post-secondary goals.	
(f) Students graduating on the standard program of study shall meet the state's minimum requirements on all sections of the graduation examination. IEP teams shall document a plan of action on the IEP and the PWN to be carried out by both the student and the district or charter school, to ensure that the student will pass all sections of the graduation examination.	
(g) To establish a level of proficiency on the current graduation examination or the state-approved alternate assessment for students on a career readiness program of study or ability program of study, IEP teams shall review the student's performance on the first attempt, and establish a	

targeted proficiency on all sections that are	
below the state's minimum requirement. For	
those students who meet participation criteria	
for the New Mexico alternate assessment, IEP	
teams shall set targeted levels of proficiency	
based upon previous performance on the test. If	
the student has previously been administered	
the New Mexico alternate assessment and has	
achieved an advanced level of overall	
performance, the IEP team shall arrange for the	
student to participate in the general graduation	
examination and shall identify appropriate accommodations that the student may require.	
IEP teams shall document the targeted levels of	
proficiency on the IEP and the PWN, outlining	
the plan of action to be taken by both the	
student and the district or charter school to	
ensure that the student will meet the targeted	
levels of proficiency. Districts or charter	
schools may submit a written request for a	
waiver to the secretary in cases where a student	
has medical or mental health issues that may	
result in regression or that negatively influence	
the student's ability to achieve targeted levels of	
proficiency. The written request shall be signed	
by the superintendent or charter school	
administrator and shall include documentation	
of the medical or mental health issues.	
(h) Changes in programs of study.	
(i) Departures from the standard program of study for students receiving special	
education services and supports shall be	
considered in the order of the options listed	
in Subparagraph (b) of Paragraph (13) of	
Subsection K of 6.29.1.9 NMAC. Any	
modified program of study may depart	
from a standard program of study only so	
far as is necessary to meet an individual	
student's educational needs as determined	
by the IEP team. Districts and charter	
schools are obligated to meet the	
requirements of IDEA to provide students	

with IEPs on any one of the three programs of study, and access to the general curriculum in the least restrictive environment. When an alternative program of study is developed, a building administrator or designee who has knowledge about the student shall be a member of the IEP team	
 (ii) Districts and charter schools shall document changes from the standard program of study on the PWN. IEP teams shall identify the reasons for changing the student's program of study, shall provide parents with clear concise explanations of the career readiness or ability programs of study, shall notify parents and students of the potential consequences that may limit the student's post-secondary options, and shall make required changes to the IEP and course of study, to ensure that the student meets the requirements of that program of study. 	
 (iii) The IEP team shall not change the program of study for a student entering the final year of high school (not the cohort with which the student entered high school) from the standard program of study to the career readiness program of study, nor from the career readiness program of study to the ability program of study, after the 20th school day of the final year of high school. IEP teams may change a student's program of study from the ability program of study to the career readiness program of study to the standard program of study, or from the career readiness program of study to the standard program of study, if the student meets the graduation requirements of that program of study and if the change is made and documented appropriately in a revised IEP and PWN by a properly constituted IEP team in a properly convened meeting. 	

 (i) A student who receives special education services may be granted a conditional certificate of transition in the form of a continuing or transition IEP when: 	
 the IEP team provides sufficient documentation and justification that the issuance of a conditional certificate of transition for an individual student is warranted; 	
 (ii) prior to the student's projected graduation date, the IEP team provides a PWN stating that the student will receive a conditional certificate of transition; 	
 (iii) the district or charter school ensures that a conditional certificate of transition is not a program of study and does not end the student's right to a FAPE; 	
 (iv) the district or charter school ensures that a conditional certificate of transition entitles a student who has attended four years or more of high school to participate in graduation activities, and requires that the student continue receiving special education supports and services needed to obtain the high school diploma; 	
(v) the district or charter school ensures that, prior to receiving a conditional certificate of transition, the student has a continuing or transition IEP;	
(vi) the student's continuing or transition IEP outlines measures, resources and specific responsibilities for both the student and the district or charter school to ensure that the student receives a diploma.	
 (j) A student who does not return to complete the program of study as outlined in the continuing or transition IEP will be considered as a dropout. 	

(k) A student who receives a conditional certificate of transition is eligible to continue receiving special education services until receipt of a diploma or until the end of the academic year in which the student becomes 22 years of age.	
(l) Graduation plans shall be a part of all IEPs:	
 by the end of eighth grade, or by the time the student turns 14 years of age, and concurrent with the development of the student's transition plan in accordance with federal regulations at 34 CFR 300.320; 	
 (ii) when a student returns to a school after an extended absence, and if an IEP program of study may have been developed but needs to be reviewed; or 	
(iii) when evaluations warrant the need for a modified program of study at any time after development of an initial graduation plan.	
(m) Graduation plans shall be a part of all of all IEPs and annual reviews, and shall follow the student in all educational settings. Receiving institutions that fall under the department's jurisdiction will recognize these graduation plans, subject to revision by new IEP teams, if appropriate to meet a student's changing needs.	
 (n) At the exit IEP meeting, the team shall review the student's transition plan, and shall confirm and document that all state and district requirements for graduation under the final IEP have been satisfied. A building administrator who has knowledge about the student shall be a member of this team, and shall sign specifically to verify and accept completed graduation plans, goals and objectives pursuant to (i) - (iii) of Subparagraph (b) of Paragraph (13) of Subsection K of 6.29.1.9 NMAC, or plans for a conditional certificate of transition with a 	
continuing or transition IEP, pursuant to	

Subparagraph (i) of Paragraph (13) of	
Subsection K of 6.29.1.9 NMAC. The IEP	
team shall ensure that the student has current	
and relevant evaluations, reports or other	
documentation necessary to support a smooth	
and effective transition to post-secondary	
services for a student who will graduate on one	
of the three programs of study. The school shall arrange for any necessary information to	
be provided at no cost to the students or parents.	
The school shall submit a list of students who	
will receive the diploma through a career	
readiness or ability program of study to the	
local superintendent or charter school	
administrator, using the students' identification	
numbers. This list shall be totaled and submitted to the local school board or	
governing body of a charter school. This	
information shall be treated as confidential in	
accordance with the FERPA.	
(o) Students eligible for special education services are entitled to a FAPE through age 21. If a	
student turns 22 during the school year, the	
student shall be allowed to complete the school	
year. If a student becomes 22 prior to the first	
day of the school year, the student is no longer	
eligible to receive special education services.	
(p) The receipt of a diploma terminates the service	
eligibility of students with special education	
needs.

charter school shall be identical in appearance,	
content and effect, except that symbols or

the granting of a diploma, or use of a conditional certificate of transition in the form of a continuing or transition individualized educational program (IEP) for students receiving special education services, includes the following governing principles:

(n) At the exit IEP meeting, the team shall review the student's transition plan, and shall confirm and document that all state and district requirements for graduation under the final IEP have been satisfied. A building administrator who has knowledge about the student shall be a member of this team, and shall sign specifically to verify and accept completed graduation plans, goals and objectives pursuant to (i) - (iii) of Subparagraph (b) of Paragraph (13) of Subsection K of 6.29.1.9 NMAC, or plans for a conditional certificate of transition with a continuing or transition IEP, pursuant to Subparagraph (i) of Paragraph (13) of Subsection K of 6.29.1.9 NMAC. The IEP team shall ensure that the student has current and relevant evaluations, reports or other documentation necessary to support a smooth and effective transition to post-secondary services for a student who will graduate on one of the three programs of study. The school shall arrange for any necessary information to be provided at no cost to the students or parents. The school shall submit a list of students who will receive the diploma through a career readiness or ability program of study to the local superintendent or charter school administrator, using the students' identification numbers. parent and CUBA INDEPENDENT SCHOOL DISTRICT to excuse individuals who are invited to attend IEP Team meetings at the discretion of the parent or the CUBA INDEPENDENT SCHOOL DISTRICT because such individuals are not required members of an IEP Team. The excusal provisions only apply to the required members of the IEP Team. (See 71 Fed. Reg. 46675 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT does not require consent or a written agreement between the parent and CUBA INDEPENDENT SCHOOL DISTRICT to excuse an individual IEP Team member if another individual IEP Team member who is present for the entire duration of the meeting satisfies the same IEP Team membership requirement. For example, if there are two regular education teachers of the child present at the IEP Team meeting, one can be excused without following the excusal provisions as long as the other is present throughout the meeting. (See OSERS Q/A on IEPs, Evaluations, and Reevaluations (Revised September 2011), Q/A C-3)

CUBA INDEPENDENT SCHOOL DISTRICT will

ensure that the special education teacher or provider who is a member of the child's IEP Team is the person who is, or will be, responsible for implementing the IEP. (See 71 Fed. Reg. 46669 (August 14, 2006))
	CUBA INDEPENDENT SCHOOL DISTRICT will invite a child with a disability to attend the child's IEP Team meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals, regardless of whether the child has reached the age of majority. However, for children who have not reached the age of majority under New Mexico law, if the parent requests that the student not attend,
	CUBA INDEPENDENT SCHOOL DISTRICT will honor that request and take other steps to ensure that the child's preferences and interests are considered. If possible, CUBA INDEPENDENT SCHOOL DISTRICT will discuss the appropriateness of the child's participation before a decision is made in order to help

	the parent determine whether or not the child's attendance would be helpful in developing the IEP or directly beneficial to the child, or both. (See 71 Fed. Reg. 46671 (August 14, 2006)) The decision of whether it would be appropriate to invite other agencies rests with CUBA INDEPENDENT SCHOOL DISTRICT and the parent or the adult student, provided that the parent or the adult student consents to the invitation. If the parent or the adult student refuses to consent to invite a representative of a participating agency that is likely to be responsible for providing or paying for transition services to a child's IEP Team meeting where transition will be considered, CUBA INDEPENDENT SCHOOL DISTRICT may not invite a representative of that agency to attend the child's IEP Team meeting. (See <u>OSEP Letter to Caplan</u> (March 17, 2008))
	In determining whether to invite another agency to an IEP Team meeting, CUBA INDEPENDENT SCHOOL DISTRICT will consider such factors as whether a purpose of the IEP Team meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals; whether there is a participating agency, other than the public agency responsible for providing a FAPE to the child, that is likely to be responsible for providing or paying for the child's transition services; and whether consent of the parents or adult student has been provided for the other agency's participation at the IEP Team meeting. (See OSEP Letter to Caplan (March 17, 2008)) Allowing required IEP Team members to be excused from attending an IEP Team meeting is intended to provide additional flexibility to parents in scheduling

There is nothing in the IDEA that would limit the number of IEP Team members who may be excused from attending an IEP Team meeting, so long as CUBA INDEPENDENT SCHOOL DISTRICT meets the
requirements that govern when required IEP Team members can be excused from attending IEP Team meetings in whole or in part. (See <u>OSERS Q/A on IEPs,</u> <u>Evaluations, and Reevaluations (Revised September</u> 2011), Q/A C-2)
IDEA requires different procedures for different types of excusals, including differentiating between circumstances in which parental consent is required and when an agreement is required to excuse an IEP member from attending an IEP Team meeting. Therefore, CUBA INDEPENDENT SCHOOL DISTRICT has different procedures in place for the different types of excusals. (See 71 Fed. Reg. 46673 (August 14, 2006)) The two types of excusals triggering the excusal requirements are: (1) when a required IEP Team member's area of the curriculum or related service is not being modified or discussed; and (2) when a required IEP Team member's area of the curriculum or related service is being modified or discussed.
With the first type of excusal, parent and CUBA INDEPENDENT SCHOOL DISTRICT agreement is required. CUBA INDEPENDENT SCHOOL DISTRICT is given wide latitude about the content of the agreement to excuse a required IEP Team member from the meeting. (See 71 Fed. Reg. 46674 (August 14, 2006))
With the second type of excusal, parent consent is required. CUBA INDEPENDENT SCHOOL DISTRICT will ensure that all of the IDEA consent requirements are satisfied including by providing the parent with appropriate and sufficient information to ensure that the parent fully understands that the parent is consenting to excuse an IEP Team member from attending an IEP Team meeting in which the member's area of the curriculum or related service is being changed or discussed and that if the parent does not

consent, the IEP Team meeting must be held with that
IEP Team member in attendance. (See 71 Fed. Reg.
46674 (August 14, 2006))
CUBA INDEPENDENT SCHOOL DISTRICT does not
specify how far in advance of an IEP Team meeting
CUBA INDEPENDENT SCHOOL DISTRICT must
notify a parent of the school district's request to excuse
an IEP Team member from attending the IEP Team
meeting. Further, CUBA INDEPENDENT SCHOOL
DISTRICT does not specify when the parent agree in
writing that the IEP Team member's attendance is not
necessary (type 1 excusal), or when the parent must
provide written consent regarding the IEP Team
member's excusal (type 2 excusal). CUBA
INDEPENDENT SCHOOL DISTRICT believes that
requiring the request for excusal, or the written
agreement (type 1 excusal) or written consent (type 2
excusal), to occur at a particular time prior to an IEP
Team meeting would not account for situations where it
would be impossible to meet the timeline (e.g., when an
IEP Team member has an emergency). Thus, requiring
specific timelines could impede Congressional intent to
provide this additional flexibility. (See OSERS Q/A on
IEPs, Evaluations, and Reevaluations (Revised
September 2011), Q/A C-5)

§ 300.323 When IEPs must be in effect.		
 (a) <i>General.</i> At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in § 300.320. (b) <i>IEP or IFSP for children aged three through five.</i> (1) In the case of a child with a disability aged three through five (or, at the discretion of the SEA, a two- year-old child with a disability who will turn age three during the school year), the IEP Team must consider an IFSP that contains the IFSP content (including the natural environments statement) described in section 636(d) of the Act and its implementing regulations (including an educational component that promotes school readiness and incorporates pre-literacy, language, and numeracy skills for children with IFSPs under this section who are at least three years of age) and that is developed in accordance with the IEP procedures under this part. The IFSP may serve as the IEP of the child, if using the IFSP as the IEP is— (i) Consistent with State policy; and 	 (5) In particular: (g) Development of IESP, IEP or IESP-IEP. 	Through timely IEP development, coordination and planning, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that IEPs are in effect for each child with a disability at the beginning of the school year. CUBA INDEPENDENT SCHOOL DISTRICT will develop an IFSP rather than an IEP for children aged three through five only if the parent chooses an IFSP and consents to using the IFSP. The UNM Center for Development and Disability has developed Model IFSP (English) and (Spanish) forms available through the Department of Health website. CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the child's IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who i responsible for its implementation. The purpose is to ensure that teachers and providers understand their specific responsibilities for implementing an IEP, including any accommodations or supports that may be needed. The mechanism that CUBA INDEPENDENT SCHOOL DISTRICT uses to inform each teacher or provider of his or her responsibilities is left to the discretion of CUBA INDEPENDENT SCHOOL DISTRICT. (See 71 Fed. SCHOOL DISTRICT from a previous school district in New Mexico (or from another State), pending the development of a new IEP, CUBA INDEPENDENT SCHOOL DISTRICT interprets "comparable services" to mean "similar" or "equivalent" services to those that were described in the child's IEP from the previous school district. (See 71 Fed. Reg. 46681 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will not deny special education and related services to a transfer student with an IEP pending the development of a new IEP. Instead, CUBA INDEPENDENT SCHOOL DISTRICT will provide comparable services to a transfer student with an IEP upon enrollment. (See OSERS Q/A on IEPs, Evaluations, and Reevaluations (Revised September 2011), Q/A A-3)

For a transfer student receiving comparable services, **CUBA INDEPENDENT SCHOOL DISTRICT** will take steps to conduct an IEP Team meeting within a reasonable period of time to either adopt the IEP from the previous school district or develop and implement a new IEP, so as to avoid any undue interruption in the provision of required special education and related services. (See <u>OSERS Q/A on IEPs, Evaluations, and</u> <u>Reevaluations (Revised September 2011)</u>, Q/A A-4)

If a child who transfers to CUBA INDEPENDENT SCHOOL DISTRICT from within New Mexico has an IEP that is not current, the CUBA INDEPENDENT SCHOOL DISTRICT in consultation with the parents will provide services comparable to those described in the child's IEP, until the IEP Team meets and either (1) adopts the child's IEP from the previous NM school district; or (2) develops, adopts, and implements a new IEP. Changes to the IEP may be made either by the entire IEP Team at an IEP Team meeting, or as provided in paragraph (a)(4) of this section, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments

CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP Team addresses the language and communication needs of each child with a disability regardless of the category of disability.

CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP Team addresses the language and communication needs of each child with limited English proficiency, as those needs relate to the child's IEP.

For a child who is blind or visually impaired, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that, based upon consideration of an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media, the IEP Team determines whether instruction in Braille or the use of Braille is appropriate for the child. If Braille is appropriate, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP provides for instruction in Braille or the use of Braille, as appropriate.

CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP Team addresses whether each child with a disability needs assistive technology devices and/or services. If the IEP Team determines that a child needs assistive technology devices and/or services, the devices and/or services will be incorporated in the child's IEP as supplementary aids and services, special education, and/or related services, as appropriate.

With respect to students with autism spectrum disorders (ASD), CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the IEP team consider and document its consideration of the 11 strategies, address the strategy or strategies in the IEP when needed to provide a FAPE. The NMPED has defined each of the strategies in a

- (b) *Review and revision of IEPs*
 - General. Each public agency must ensure that, subject to paragraphs (b)(2) and (b)(3) of this section, the IEP Team—
 - Reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and
 - (ii) Revises the IEP, as appropriate, to address—
 - (A) Any lack of expected progress toward the annual goals described in § 300.320(a)(2), and in the general education curriculum, if appropriate;
 - (B) The results of any reevaluation conducted under § 300.303;
 - (C) Information about the child provided to, or by, the parents, as described under §300.305(a)(2);
 - (D) The child's anticipated needs; or
 - (E) Other matters.
 - (2) *Consideration of special factors.* In conducting a review of the child's IEP, the IEP Team must consider the special factors described in paragraph (a)(2) of this section.
 - (3) Requirement with respect to regular education teacher. A regular education teacher of the child, as a member of the IEP Team, must, consistent with paragraph (a)(3) of this section, participate in the review and revision of the IEP of the child.

- (g) suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social or behavioral progress based on the child's developmental and learning level and that encourages work towards individual independence as determined by:
 - (i) adaptive behavior evaluation results;
 - (ii) behavioral accommodation needs across settings; and
 - (iii) transitions within the school day;
- (h) communication interventions, including communication modes and functions that enhance effective communication across settings such as augmentative, incidental, and naturalistic teaching;
- social skills supports and strategies based on social skills assessment or curriculum and provided across settings, including, trained peer facilitators, video modeling, social stories, and role playing;
- (j) professional educator and staff support, including, training provided to personnel who work with the student to assure the correct implementation of techniques and strategies described in the IEP; and

CUBA INDEPENDENT SCHOOL DISTRICT will

ensure that promotion and retention decisions affecting a student enrolled in special education are made in accordance with the provisions of the IEP established for that student.

IDEA does not require an agreement between the parent and CUBA INDEPENDENT SCHOOL DISTRICT to amend an IEP without a meeting to be in writing. In addition, the parent is not required to provide consent to amend the IEP without an IEP Team meeting. However, CUBA INDEPENDENT SCHOOL DISTRICT will document the terms of the agreement in writing. Moreover, the changes to the child's IEP must be in writing. (See 71 Fed. Reg. 46685 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT will provide the parent with prior written notice of the amendments to the IEP. (See OSERS Q/A on IEPs, Evaluations, and Reevaluations (Revised September 2011), Q/A C-10)

If the parent needs further information about the proposed amendment to the IEP or believes that a discussion with the IEP Team is necessary before deciding to change the IEP, the parent does not have to agree to CUBA INDEPENDENT SCHOOL DISTRICT's request to amend the IEP without an IEP Team meeting. Whenever the CUBA INDEPENDENT SCHOOL DISTRICT proposes to amend an IEP without a meeting, CUBA INDEPENDENT SCHOOL DISTRICT will ensure that the parent understands that the parent can choose not to agree, and instead have an

- (c) Failure to meet transition objectives—
 - Participating agency failure. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with § 300.320(b), the public agency must reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.
 - (2) Construction. Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.
- (d) Children with disabilities in adult prisons—
 - (1) *Requirements that do not apply.* The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:
 - (i) The requirements contained in section 612(a)(16) of the Act and § 300.320(a)(6) (relating to participation of children with disabilities in general assessments).
 - (ii) The requirements in § 300.320(b)
 (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of the Act will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

training, visual supports, applied behavior analysis, structured learning, augmentative communication, and social skills training.

(6) Each local education agency in the state shall provide the parents of a student who is diagnosed as hearing impaired, deaf, blind, visually impaired, or deafblind with information about the educational programs offered by the New Mexico school for the deaf (NMSD) or New Mexico school for the blind and visually impaired (NMSBVI) prior to and at each IEP. NMSD and NMSBVI shall provide LEAs relevant information as described in this paragraph. At the parent's or public agency's request, NMSD, NMSBVI, or both shall be invited tothe IEP meeting so that the full continuum of services is represented at the IEP meeting pursuant to 34 CFR Secs.300.115 and 300.321(a)(6).

F. Behavioral management and discipline.

...

. . .

(1) Behavioral planning in the IEP. Pursuant to 34 CFR Sec. 324(a)(2)(i), the IEP team for a child with a disability whose behavior impedes his or her learning or that of others shall consider, if appropriate, strategies to address that behavior, including the development of behavioral goals and objectives and the use of positive behavioral interventions, strategies and supports to be used in pursuit of those goals and objectives. Public agencies are strongly encouraged to conduct functional behavioral assessments (FBAs) and integrate behavioral intervention plans (BIPs) into the IEPs for students who exhibit problem behaviors well before the behaviors result in proposed disciplinary actions for which FBAs and BIPs are required under the federal rules.

M. Children in detention and correctional facilities

IEP Team meeting. (See 71 Fed. Reg. 46685 (August 14, 2006))

The IDEA is silent as to which individuals must participate in making changes to the IEP where there is agreement between the parent and the CUBA INDEPENDENT SCHOOL DISTRICT not to convene an IEP Team meeting for the purpose of making the changes. (See OSERS Q/A on IEPs, Evaluations, and Reevaluations (Revised September 2011), Q/A C-9)

While IDEA does not specify the manner in which CUBA INDEPENDENT SCHOOL DISTRICT must document that it has ensured that the child's IEP Team is informed of an amendment to the IEP, CUBA INDEPENDENT SCHOOL DISTRICT will maintain records to show compliance with this program requirement. (See <u>OSERS Q/A on IEPs, Evaluations,</u> and Reevaluations (Revised September 2011), Q/A C-8; see also, 71 Fed. Reg. 46686 (August 14, 2006))

After the annual IEP Team meeting has been held for a school year, CUBA INDEPENDENT SCHOOL DISTRICT does permit amendments to the IEP without an IEP Team meeting if the parent and school agree. However, CUBA INDEPENDENT SCHOOL DISTRICT does not permit amendments without a meeting after the annual IEP Team meeting for the following actions: (1) a change in eligibility; (2) a decision to terminate eligibility for special education services (including through graduation); (3) a change in placement; or (4) a manifestation determination.

CUBA INDEPENDENT SCHOOL DISTRICT will

ensure that an IEP Team meeting is held within two weeks of each use of restraint or seclusion after the second use within a thirty-calendar-day period to provide recommendations for avoiding future incidents requiring the use of restraint or seclusion as required by NMSA 1978, § 22-5-4.12, Board Policy and the CUBA INDEPENDENT SCHOOL DISTRICT's Safety Plan.

 (2) Modifications of IEP or placement. (i) Subject to paragraph (d)(2)(ii) of this section, the IEP Team of a child with a disability who is convicted as an adult under State law and incarcerated in an adult prison may modify the child's IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that 	 (4) FAPE for eligible students in juvenile or adult detention or correctional facilities shall be made available in programs that are to the security requirements of each facility and eligible suited student. The provisions of 34 CFR Sec. 300.324(d) apply to IEPs for students with disabilities who are convicted as adults under state law and incarcerated in adult prisons. 6.11.2.10 NMAC. ENFORCING RULES OF CONDUCT: 	In order to ensure timely IEP Team meetings, CUBA INDEPENDENT SCHOOL DISTRICT has systems in place to track timelines for the initial IEP Team meeting and the annual IEP Team meeting. CUBA INDEPENDENT SCHOOL DISTRICT will begin its planning and preparation for an IEP Team meeting (including notice to the parent) early enough to ensure a timely meeting.
 cannot otherwise be accommodated. (ii) The requirements of §§ 300.320 (relating to IEPs), and 300.114 (relating to LRE), do not apply with respect to the modifications described in paragraph (d)(2)(i) of this section. (Authority: 20 U.S.C. 1412(a)(1), 1412(a)(12)(A)(i), 1414(d)(3), (4)(B), and (7); and 1414(e)) 	 E. Restraint or seclusion. In accordance with Section 22-5- 4.12 NMSA 1978, each school shall establish requirements for the use of restraint and seclusion techniques. (1) Schools shall establish policies and procedures, as approved by the local school board or governing body, for the use of restraint and seclusion techniques. Schools shall review such policies and procedures on a triennial basis, before submitting the school safety plan. (a) A school may permit the use of restraint or seclusion techniques on any student only if the student's behavior presents an imminent danger of serious physical harm to the student or others and only if less restrictive interventions appear insufficient to mitigate the imminent danger of 	
	 serious physical harm. Less restrictive interventions include de-escalation strategies, positive behavioral intervention supports, or other comparable behavior management techniques. (b) The restraint or seclusion techniques shall be used only by school employees who are trained in de-escalation strategies, positive behavioral intervention supports, and the safe and effective use of restraint and seclusion techniques, unless an emergency does not allow sufficient time to summon those trained school employees. (c) The restraint or seclusion techniques shall not impede the student's ability to breathe or speak, shall 	CUBA INDEPENDENT SCHOOL DISTRICT recognizes the NMPED guidance with the July 30, 2021 Memorandum: <u>Staff Use of Restraint and Seclusion</u> <u>Techniques with Students</u> .  be in proportion to a student's age and physical condition, and shall end when the student's behavior no longer presents an imminent danger of serious physical harm to the student or others. (d) If a restraint or seclusion technique is used on a student, trained and authorized school employees shall maintain continuous visual observation and monitoring of the student while the restraint or seclusion technique is in use. 	
(5) Schools shall implement the following review procedures for incidents in which restraint or seclusion techniques are used.	
(a) If a student has been restrained or secluded two or more times within 30 calendar days, the school shall review strategies used to address the student's behavior and determine whether the student needs a functional behavior assessment or referral to a student assistance team, behavioral intervention plan team, or, if a student has an individualized education program, a referral to the student's individualized education program team.	
(b) If a student has been restrained or secluded two or more times within 30 calendar days, the student's individualized education program team, behavioral intervention plan team, or student assistance team shall meet within two weeks of each subsequent use to provide recommendations for avoiding future incidents requiring the use of restraint or seclusion.	
(c) The review shall include whether school personnel involved in the incidents were trained in the use of de-escalation strategies, positive behavioral intervention supports, or restraint and seclusion techniques. Additionally, the review shall consider whether the individual who restrained or secluded a student needs additional training.	

 (d) To improve internal practices relative to incidents of restraint or seclusion, schools shall conduct an annual review and analysis of all incidents in which restraint or seclusion techniques were used, including the number of incidents, the type of incident, personnel involved, the need for additional training, and student demographics. (6) Schools shall establish documentation and reporting procedures pursuant to the requirements listed in Section 22-5-4.12 NMSA 1978. In addition, schools shall provide written or oral assurance of secure storage and access to written documentation in accordance with this rule, 20 USC. Section 1232(g), 34 CFR Part 99, the Family Educational Rights and Privacy Act, and any other applicable federal or state laws or rules governing the privacy of such documents. (a) A school employee shall provide the student's parent with written or oral notice on the same day the incident occurred, unless circumstances prevent same day notification. If notice is not provided on the same day of the incident, notice shall be given within 24 hours after the incident. (b) Within a reasonable time following the incident, no longer than two school days, a school employee shall provide the student's parent with written documentation that includes information about any persons, locations, or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used, and the duration of its use.

§ 300.325 Private school placements by public agencies.	
 (a) Developing IEPs. (1) Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency must initiate and conduct a meeting to develop an IEP for the child in accordance with §§300.320 and 300.324. 	Even after a private school or facility implements a child's IEP, CUBA INDEPENDENT SCHOOL DISTRICT retains responsibility for compliance with Part B of the Act. (See 71 Fed. Reg. 46687 (August 14, 2006))
(2) The agency must ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.	
(b) Reviewing and revising IEPs.	
(1) After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.	
(2) If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative—

§ 300.327 Educational placements.	
Consistent with § 300.501(c), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child. (Authority: 20 U.S.C. 1414(e))	In New Mexico, the IEP Team is the group that makes decisions on the educational placement of a child with disabilities under IDEA. CUBA INDEPENDENT SCHOOL DISTRICT will utilize the same process for determining the educational placement for children with low-incidence disabilities (including children who are deaf, hard of hearing, or deaf-blind), as used for determining the educational placement for all children with disabilities. That is, each child's educational placement will be determined on an individual case-by case basis depending on each child's unique educational needs and circumstances, rather than by the child's category of disability, and will be based on the child's IEP. (See 71 Fed. Reg. 46586 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT does not consider maintaining a child's placement in an educational program that is substantially and materially similar to the former placement to be a change in

	placement. (See 71 Fed. Reg. 46588-89 (August 14, 2006))
	CUBA INDEPENDENT SCHOOL DISTRICT understands that a change in location is not always a change in placement. A Placement is a point along the child's continuum of placement options, while location is the physical location where the child receives related services, such as a classroom. However, a change in location may give rise to a change in placement if the change in location substantially alters the student's educational program (<i>See</i> 71 Fed. Reg. 46,588 (2006); <i>See Letter to Fisher</i> , 21 IDELR 992 (OSEP 1994)
	A parent will be given prior written notice within a reasonable time before CUBA INDEPENDENT SCHOOL DISTRICT implements a proposal or refusal to initiate or change the identification, evaluation or education placement of the child, or the provision of a FAPE to the child. (See 71 Fed. Reg. 46588(August 14, 2006))

§ 300.328 Alternative means of meeting participation.	
 When conducting IEP Team meetings and placement meetings pursuant to this subpart, and subpart E of this part, and carrying out administrative matters under section 615 of the Act (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls. (Authority: 20 U.S.C. 1414(f)) 	CUBA INDEPENDENT SCHOOL DISTRICT may utilize electronic mail as an alternative means of meeting participation. (See 71 Fed. Reg. 4658 (August 14, 2006)) If CUBA INDEPENDENT SCHOOL DISTRICT incurs costs as a result of using an alternative means of meeting participation so the parents may participate, CUBA INDEPENDENT SCHOOL DISTRICT is responsible for all the costs. (See 71 Fed. Reg. 46587 (August 14, 2006))

§ 300.500 Responsibility of SEA and other public agencies.		
Each SEA must ensure that each public agency establishes, maintains, and implements procedural safeguards that meet the requirements of §§ 300.500 through 300.536. (Authority: 20 U.S.C. 1415(a))	 6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES: A. General responsibilities of public agencies. Each public agency shall establish, implement and maintain procedural safeguards that meet the requirements of 34 CFR Secs. 300.500 through300.536, and all other applicable requirements of these or other department rules and standards. 	CUBA INDEPENDENT SCHOOL DISTRICT understands the importance that the IDEA places on procedural safeguards and assures that it has established through its policies and procedures a system of procedural safeguards, and that its system is being implemented and maintained through monitoring and training.

§ 300.501 Opportunity to examine records; parent participation in meetings.		
 (a) Opportunity to examine records. The parents of a child with a disability must be afforded, in accordance with the procedures of §§ 300.613 through 300.621, an opportunity to inspect and review all education records with respect to— (1) The identification, evaluation, and educational placement of the child; and (2) The provision of FAPE to the child. (b) Parent participation in meetings. (1) The parents of a child with a disability must be afforded an opportunity to participate in meetings with respect to— (i) The identification, evaluation, evaluation, and educational placement of the child is a forded an opportunity to participate in meetings with respect to— 	 6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES: B. Examination of records. Each public agency shall afford the parents of a child with a disability an opportunity to inspect and review all education records related to the child in compliance with 34 CFR Secs. 300.501(a), 300.613 through300.620, 34 CFR Part 99, and any other applicable requirements of these or other department rules and standards. C. Parent and student participation in meetings. Each public agency shall afford the parents of a child with a disability and, as appropriate, the child, an opportunity to participate in meetings with respect to the identification, evaluation and educational placement or the provision of FAPE to the child, in compliance with 34 CFR Secs. 300.322, 300.501(b) and 300.501(c), and any other applicable requirements of these or other department rules and standards. 	child; and	D. Notice requirements.	
(2)	 (ii) The provision of FAPE to the child. Each public agency must provide notice consistent with § 300.322(a)(1) and (b)(1) to ensure that parents of children with disabilities have the opportunity to participate in meetings described in paragraph (b)(1) of this section. 	 Notice of meetings. Each public agency shall provide the parents of a child with a disability with advance written notice that complies with 34 CFR Sec. 300.322 for IEP meetings and any other meetings in which the parent has a right to participate pursuant to 34 CFR Sec. 300.501. 	
(3)	A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.		
(c) <i>Pa</i>	rent involvement in placement decisions.		
(1)	Each public agency must ensure that a parent of each child with a disability is a member of any group that makes decisions on the educational placement of the parent's child.		
(2)	In implementing the requirements of paragraph $(c)(1)$ of this section, the public agency must use procedures consistent with the procedures described in §300.322(a) through (b)(1).		
(3)	If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency must use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.		
(4)	A placement decision may be made by a group without the involvement of a parent, if the		

public agency is unable to obtain the parent's participation in the decision. In this case, the public agency must have a record of its attempt to ensure their involvement.

300.502 Independent educational evaluation.		
 (a) General. (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section. (2) Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in paragraph (e) of this section. (3) For the purposes of this subpart— (i) Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and (ii) Public expense means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with §300.103. (b) Parent right to evaluation at public expense. 	6.31.2.10 NMAC. IDENTIFICATION, EVALUATIONS AND ELIGIBILITY DETERMINATIONS: D. Evaluations and Reevaluations. (2) Reevaluations (f) The parents of a child with a disability who disagree with an evaluation obtained by the public agency have the right to obtain an independent educational evaluation of the child at public expense pursuant to 34 CFR Sec. 300.502.	The IEP Team will consider any IEE, whether paid for privately by the parent, or publicly by CUBA INDEPENDENT SCHOOL DISTRICT, that meets CUBA INDEPENDENT SCHOOL DISTRICT's criteria. A parent may request an IEE at CUBA INDEPENDENT SCHOOL DISTRICT's expense if the parent disagrees with an evaluation obtained by CUBA INDEPENDENT SCHOOL DISTRICT. When a parent requests an IEE at CUBA INDEPENDENT SCHOOL DISTRICT's expense, the CUBA INDEPENDENT SCHOOL DISTRICT must, without unnecessary delay, either initiate a due process hearing to show that its evaluation is appropriate; or ensure that an IEE is provided at CUBA INDEPENDENT SCHOOL DISTRICT's expense, unless the CUBA INDEPENDENT SCHOOL DISTRICT demonstrates at a hearing that the evaluation obtained by the parent did not meet district criteria. Only one IEE may be reimbursed for each evaluation obtained by CUBA INDEPENDENT SCHOOL DISTRICT. This would include the three-year reevaluation or reevaluations conducted more frequently. If CUBA INDEPENDENT SCHOOL DISTRICT has not conducted an evaluation, the parent does not have a right to an IEE at CUBA INDEPENDENT SCHOOL DISTRICT's expense. If the parent requests an IEE at CUBA INDEPENDENT SCHOOL DISTRICT's expense prior to the completion of the CUBA INDEPENDENT SCHOOL DISTRICT's

	Parents obtaining an IEE without following CUBA
	INDEPENDENT SCHOOL DISTRICT's criteria risk
	non-payment. The following steps are designed to
	ensure an IEE that meets CUBA INDEPENDENT
	SCHOOL DISTRICT's criteria and safeguard against
	non-payment.
	(1) Parents are encouraged to provide the name and
	address of the evaluator in advance of the IEE to
	enable the CUBA INDEPENDENT SCHOOL
	DISTRICT to check the evaluator's
	certification/licensure and contract directly with the
	evaluator.
	(2) If the parent selects an evaluator that is not on
	CUBA INDEPENDENT SCHOOL DISTRICT's list
	of qualified evaluators, the parent is encouraged to
	submit the name and vitae of the evaluator to the
	Special Education Director in advance of obtaining
	the IEE in order that CUBA INDEPENDENT
	SCHOOL DISTRICT may notify the parent
	regarding whether the evaluator is qualified to
	perform the IEE.
	(3) Payment will be made directly to the evaluator
	following receipt of an IEE that meets CUBA
	INDEPENDENT SCHOOL DISTRICT's criteria.
	(4) In the event that a parent pursues an IEE without
	following steps (1)-(3), an original billing statement
	must be submitted to CUBA INDEPENDENT
	SCHOOL DISTRICT and all criteria must be met,
	including the receipt of a written report by the
	independent evaluator that meets CUBA

INDEPENDENT SCHOOL DISTRICT's criteria,
prior to direct payment or reimbursement.
(5) If a parent believes that an IEE that falls outside of
the CUBA INDEPENDENT SCHOOL DISTRICT's
criteria is justified by the child's unique
circumstances, the parent must request a waiver of
the criteria with a description of the unique
circumstances that justify an IEE that does not meet
CUBA INDEPENDENT SCHOOL DISTRICT'S
criteria. The CUBA INDEPENDENT SCHOOL
DISTRICT will consider any such request.
Upon receipt of an IEE that does not meet CUBA
INDEPENDENT SCHOOL DISTRICT's criteria
including cost criteria, CUBA INDEPENDENT
SCHOOL DISTRICT reserves the right to request a due
process hearing to demonstrate that the IEE obtained by
the parent did not meet CUBA INDEPENDENT
SCHOOL DISTRICT's criteria.

(3) Except as provided in 34 CFR Sec. 300.324(a)(4), each IEP shall include the signature and position of each member of the IEP team and other participants in the IEP meeting to document their attendance. Written notice of actions proposed or refused by the public agency shall also be provided in compliance with 34 CFR Sec. 300.503 and Paragraph (2) of Subsection D of 6.31.2.13 NMAC and shall be provided at the close of the IEP meeting. Informed written parental consent shall also be obtained for actions for which consent is required under 34 CFR Sec. 300.300 and Subsection F of 6.31.2.13 NMAC. An amended IEP does not take the place of the annual IEP conducted pursuant to CFR Sec. 300.324(a)(4) which requires that members of a child's IEP team shall be informed of any changes made to the IEP without a meeting.

6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES:

D. Notice requirements.

...

- (2) Notice of agency actions proposed or refused. A public agency shall give written notice that meets the requirements of 34 CFR Sec. 300.503 to the parents of a child with a disability a reasonable time before the agency proposes or refuses to initiate or change the identification, evaluation or educational placement of the child or the provision of FAPE to the child. If the notice relates to a proposed action that also requires parental consent under 34 CFR Sec. 300.300, the public agency may give notice at the same time it requests parental consent.
- E. Communications in understandable language. Pursuant to 34 CFR Secs. 300.9(a), 300.322(e), 300.503(c) and 300.504(d), each public agency shall communicate with parents in understandable language, including the

process hearing. (See 71 Fed. Reg. 46636 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT is required to provide parents with prior written notice a "reasonable time" before CUBA INDEPENDENT SCHOOL DISTRICT proposes or refuses to initiate or change the identification, evaluation, or educational placement of the child, or the provision of a FAPE to the child. CUBA INDEPENDENT SCHOOL DISTRICT will not substitute a specific timeline to clarify what is meant by the requirement that the notice be provided within a reasonable period of time, because there are a wide variety of circumstances for which any one timeline would be too rigid and, in many cases, might prove unworkable. (See 71 Fed. Reg. 46691 (August 14, 2006)) However, CUBA INDEPENDENT SCHOOL **DISTRICT** will provide a prior written notice at the close of the IEP meeting.

CUBA INDEPENDENT SCHOOL DISTRICT does not provide prior written notice in advance of meetings since providing prior written notice in advance of meetings could suggest, in some circumstances, that CUBA INDEPENDENT SCHOOL DISTRICT's proposal was improperly arrived at before the meeting and without parent input. (See 71 Fed. Reg. 46691 (August 14, 2006))

The prior written notice provisions apply even if the IEP is amended without convening an IEP Team meeting. (See § 300.324(a)(4)(i)). CUBA INDEPENDENT SCHOOL DISTRICT will provide the parent with prior written notice of any amendments to the IEP without a meeting. (See <u>OSERS Q/A on IEPs, Evaluations, and</u> <u>Reevaluations (Revised September 2011)</u>, Q/A C-10)

CUBA INDEPENDENT SCHOOL DISTRICT may

provide prior written notice at the same time as parental consent is requested, because parental consent cannot be obtained without the requisite prior written notice. (See 71 Fed. Reg. 46691 (August 14, 2006))

ensure-

- That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
- (ii) That the parent understands the content of the notice; and
- (iii) That there is written evidence that the requirements in paragraphs (c)(2)(i) and (ii) of this section have been met.

parent's native language or other mode of communication, unless it is clearly not feasible to do so, if necessary for understanding, in IEP meetings, in written notices and in obtaining consent where consent is required.

F. Parental consent.

...

(6) Pursuant to 34 CFR Sec. 300.300(b)(4), parents may revoke consent for the continued provision of all special education and related services for their child. The revocation of consent shall be in writing. After providing prior written notice in accordance with 34 CFR Sec. 300.503, the public agency shall cease the provision of special education and related services for that child. The public agency may not use the due process and mediation procedures in Subsection I of 6.31.2.13 NMAC in order to obtain agreement or a ruling that services may be provided to the child. The public agency will not be considered to be in violation of the requirement to make FAPE available to the child once consent has been revoked. The public agency will also not be required to convene an IEP team meeting or develop an IEP for the child for further provision of special education and related services.

6.29.1.9 NMAC. PROCEDURAL REQUIREMENTS:

- K. Graduation requirements.
 - (13) Graduation requirements for issuance of a conditional certificate of transition for students with an IEP. The development of a program of study and the granting of a diploma, or use of a conditional certificate of transition in the form of a continuing or transition individualized educational program (IEP) for students receiving special education services, includes the following governing principles:

CUBA INDEPENDENT SCHOOL DISTRICT cannot discontinue services following revocation of consent until prior written notice has been provided to the parents. CUBA INDEPENDENT SCHOOL DISTRICT will promptly respond to receipt of written revocation of consent by providing prior written notice to the parents. (See 73 Fed. 73008 (December 1, 2008))

Once CUBA INDEPENDENT SCHOOL DISTRICT receives a parent's written revocation of consent for a child's receipt of special education and related services, CUBA INDEPENDENT SCHOOL DISTRICT must provide prior written notice to the parent regarding the change in educational placement and services that will result from the revocation of consent. (See 73 Fed. 73008 (December 1, 2008))

In the 2004 reauthorization of the IDEA, the Congress required the U.S. Department of Education to develop a model form for prior written notice. The Department has, consistent with the instructions from the Congress, developed a <u>Model Form for Prior Written</u> notice to assist States and school districts in understanding the content that IDEA Part B requires. The form developed by the U.S. Department of Education is available through the U.S. Department of Education's website.

The NMPED has developed a model form for prior written notice of the proposed actions of an IEP Team as part of its guidance document for <u>Developing Quality</u> <u>IEPs</u> (December 2010), available through the NMPED website.

CUBA INDEPENDENT SCHOOL DISTRICT will

provide prior written notice of the proposed actions of an IEP Team following the IEP Team meeting and will also provide prior written notice as required by the IDEA including whenever the CUBA INDEPENDENT SCHOOL DISTRICT proposes or refuses to evaluate a student. CUBA INDEPENDENT SCHOOL DISTRICT is not required to use the format or specific language reflected in the U.S. Department of Education model form for prior written notice; however, the prior written

For those students who meet participation criteria for the New Mexico alternate assessment, IEP teams shall set targeted levels of proficiency based upon previous performance on the test. If the student has previously been administered 	notice provided to the parent by CUBA INDEPENDENT SCHOOL DISTRICT will be consistent with the IDEA and sufficient to meet its requirements. CUBA INDEPENDENT SCHOOL DISTRICT may use the IEP as part of the prior written notice so long as the document(s) the parent receives meet all the requirements in § 300.503. (See 71 Fed. Reg. 46691 (August 14, 2006))

- (2) Within five days of receipt of notification under paragraph (d)(1) of this section, the hearing officer must make a determination on the face of the due process complaint of whether the due process complaint meets the requirements of paragraph (b) of this section, and must immediately notify the parties in writing of that determination.
- (3) A party may amend its due process complaint only if—
 - The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to § 300.510; or
 - (ii) The hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five days before the due process hearing begins.
- (4) If a party files an amended due process complaint, the timelines for the resolution meeting in § 300.510(a) and the time period to resolve in § 300.510(b) begin again with the filing of the amended due process complaint.

- (k) a party may not have a hearing on a due process complaint until the party, or the attorney representing the party, files a due process complaint that meets the requirements of this paragraph.
- (5) Response to request for hearing.
 - (a) A request for a hearing shall be deemed to be sufficient unless the party receiving the notice of request notifies the hearing officer and the other party in writing that the receiving party believes the request has not met the requirements of Paragraph (5) of Subsection I of 6.31.2.13 NMAC.
 - (b) Public agency response.
 - (i) In general. If the public agency has not sent a prior written notice to the parent regarding the subject matter contained in the parent's due process hearing request, such public agency shall, within 10 days of its receipt of the request, send to the parent a response that meets the requirements of 34 CFR Sec. 300.508(e) and 20 USC Sec. 1415(c)(2)(B)(i). This requirement presents an additional opportunity for parties to clarify and potentially resolve their dispute(s).
 - (ii) Sufficiency. A response filed by a public agency pursuant to (i) of Subparagraph (b) of Paragraph (6) shall not be construed to preclude such public agency from asserting that the parent's due process hearing request was insufficient where appropriate.

When CUBA INDEPENDENT SCHOOL DISTRICT receives a request for due process hearing, CUBA **INDEPENDENT SCHOOL DISTRICT** will timely provide the parent with a prior written notice regarding the subject matter contained in the parent's request for due process hearing complaint notice, if CUBA INDEPENDENT SCHOOL DISTRICT has not already done so. CUBA INDEPENDENT SCHOOL DISTRICT will provide prior written notice even in the event that **CUBA INDEPENDENT SCHOOL DISTRICT** believes the request for due process hearing complaint notice is insufficient. If CUBA INDEPENDENT SCHOOL **DISTRICT** believes the request for due process hearing complaint notice is insufficient, CUBA INDEPENDENT SCHOOL DISTRICT will timely notify the hearing officer.

<u>§ 300.509 Model forms.</u>	
 (a) Each SEA must develop model forms to assist parents and public agencies in filing a due process complaint in accordance with §§ 300.507(a) and 300.508(a) through (c) and to assist parents and other parties in filing a State complaint under §§ 300.151 through 300.153. However, the SEA or LEA may not require the use of the model forms. 	The NMPED has developed a model <u>Due Process</u> <u>Hearing Request Form</u> for use when filing a due process hearing request, available through the NMPED website.
 (b) Parents, public agencies, and other parties may use the appropriate model form described in paragraph (a) of this section, or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in § 300.508(b) for filing a due process complaint, or the requirements in § 300.153(b) for filing a State complaint. - (2) Except as provided in paragraph (c) of this section, the timeline for issuing a final decision under § 300.515 begins at the expiration of this 30-day period.
- (3) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding paragraphs (b)(1) and (2) of this section, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.
- (4) If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in § 300.322(d)), the LEA may, at the conclusion of the 30-day period, request that a hearing officer dismiss the parent's due process complaint.
- (5) If the LEA fails to hold the resolution meeting specified in paragraph (a) of this section within 15 days of receiving notice of a parent's due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.
- (c) Adjustments to 30-day resolution period. The 45day timeline for the due process hearing in § 300.515(a) starts the day after one of the following events:
 - (1) Both parties agree in writing to waive the resolution meeting;

writing to maintain the confidentiality of all discussions and that such discussions cannot later be used as evidence in the due process hearing or any other proceeding; and

- (vi) if an agreement is reached following a resolution session, the parties shall execute a legally binding agreement that is signed by both the parent and a representative of the public agency who has the authority to bind that public agency, and which is enforceable in any state court of competent jurisdiction or in a district court of the United States; if the parties execute an agreement pursuant to a resolution session, a party may void this agreement within three business days of the agreement's execution; further, if the resolution session participants reach agreement on any IEPrelated matters, the binding agreement shall state that the public agency will subsequently convene an IEP meeting to inform the student's service providers of their responsibilities under that agreement, and revise the student's IEP accordingly.
- (b) FIEP meeting; mediation. Parties to a due process hearing may choose to convene a FIEP meeting or mediation instead of a resolution session. To do so, the party filing the request for the hearing shall (and the responding party may) notify the hearing officer in writing within one business day of the parties' decision to jointly request one of these options. A FIEP meeting or mediation shall be completed not later than 14 days after the assignment of the IEP facilitator or mediator by the SED, unless, upon joint request by the parties, an extension is granted by the hearing officer. Each session in the FIEP or mediation process must be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the hearing. The requirements for mediation, as

If the parties do not waive the resolution meeting, **CUBA INDEPENDENT SCHOOL DISTRICT** will contact the parent to arrange the meeting soon after the due process complaint is received in order to ensure that the resolution meeting is held within 15 days. However, it is not necessary to notify the parent within five days of receiving a due process complaint about **CUBA INDEPENDENT SCHOOL DISTRICT**'s intention to convene or waive the resolution meeting. (See 71 Fed. Reg. 46700 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT will act cooperatively with the parents in determining who will attend the resolution meeting, as a resolution meeting is unlikely to result in any resolution of the dispute if the parties cannot agree on who should attend. CUBA INDEPENDENT SCHOOL DISTRICT understands that the resolution process offers a valuable chance to resolve disputes before expending what can be considerable time and money in due process hearings. (See 71 Fed. Reg. 46701 (August 14, 2006))

In situations where CUBA INDEPENDENT SCHOOL **DISTRICT** convenes a meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the due process complaint, and the parent fails to participate in the resolution meeting, CUBA INDEPENDENT SCHOOL DISTRICT will continue to make diligent efforts throughout the remainder of the 30-day resolution period to convince the parent to participate in the resolution meeting. If, however, at the end of the 30day resolution period, CUBA INDEPENDENT SCHOOL DISTRICT is still unable to convince the parent to participate in the resolution meeting, CUBA INDEPENDENT SCHOOL DISTRICT may seek intervention by a hearing officer to dismiss the complaint. (See 71 Fed. Reg. 46702 (August 14, 2006))

Upon resolution of the dispute, the party who requested the due process hearing shall transmit a written notice informing the hearing officer and the SED that the matter has been resolved and withdraw the request for hearing. The hearing officer shall transmit an appropriate order of dismissal to the parties and the SED.
(e) Hearing. If the parties convene a resolution session and they have not resolved the disputed issue(s) within 30 days of the receipt of the due process request by the SED in a non-expedited case, the public agency shall (and the parents may) notify the hearing officer in writing within one business day of reaching this outcome. The hearing officer shall then promptly notify the parties in writing that the due process hearing shall proceed and all applicable timelines for a hearing under this part shall commence as of the date of such notice.
 (f) Further adjustments to the timelines may be made as provided in 34 CFR Secs. 300.510(b) and 300.501(c).
 (g) The resolution of disputes by mutual agreement is strongly encouraged and nothing in these rules shall be interpreted as prohibiting the parties from engaging in settlement discussions at any time before, during or after an ADR meeting, a due process hearing or a civil action.

Due Process Prehearing Procedures.		
(Not in Federal Regulations; see New Mexico Rules)	6.31.2.13 NMAC. ADDITIONAL RIGHTS OF PARENTS, STUDENTS AND PUBLIC AGENCIES:	

I. Due Process Hearings	
(11) Prehearing procedures. Unless extended by the hearing officer at the request of a party, within 14 days of the commencement of the timeline for a due process hearing and as soon as is reasonably practicable in an expedited case, the hearing officer shall conduct an initial prehearing conference with the parent and the public agency to:	
 (a) identify the issues (disputed claims and defenses) to be decided at the hearing and the relief sought; 	
(b) establish the hearing officer's jurisdiction over IDEA and gifted issues;	
 (c) determine the status of the resolution session, FIEP meeting or mediation between the parties, and determine whether an additional prehearing conference will be necessary as a result; 	
 (d) review the hearing rights of both parties, as set forth in Paragraphs (16) and (17) of Subsection I of 6.31.2.13 NMAC, including reasonable accommodations to address an individual's need for an interpreter at public expense; 	
(e) review the procedures for conducting the hearing;	
 (f) set a date, time and place for the hearing that is reasonably convenient to the parents and child involved; the hearing officer shall have discretion to determine the length of the hearing, taking into consideration the issues presented; 	
(g) determine whether the child who is the subject of the hearing will be present and whether the hearing will be open to the public;	

 (h) set the date by which any documentary evidence intended to be used at the hearing by the parties shall be exchanged; the hearing officer shall further inform the parties that, not less than five business days before a regular hearing or, if the hearing officer so directs, not less than two business days before an expedited hearing, each party shall disclose to the other party all evaluations completed by that date and recommendations based on the evaluations that the party intends to use at the hearing; the hearing officer may bar any party that fails to disclose such documentary evidence, evaluation(s) or recommendation(s) by the deadline from introducing the evidence at the hearing without the consent of the other party; 	
 (i) as appropriate, determine the current educational placement of the child pursuant to Paragraph (27) of Subsection I of 6.31.2.13 NMAC; 	
 (j) exchange lists of witnesses and, as appropriate, entertain a request from a party to issue an administrative order compelling the attendance of a witness or witnesses at the hearing; 	
(k) address other relevant issues and motions; and	
 (l) determine the method for having a written, or at the option of the parent, electronic verbatim record of the hearing; the public agency shall be responsible for arranging for the verbatim record of the hearing; and 	
 (m) the hearing officer shall transmit to the parties and the SED of the department a written summary of the prehearing conference; the summary shall include, but not be limited to, the date, time and place of the hearing, any prehearing decisions, and any orders from the hearing officer. 	

 (13) In order to limit testimony at the hearing to only those factual matters which remain in dispute between the parties, on or before 10 days before the date of the hearing, each party shall submit a statement of proposed stipulated facts to the opposing party. On or before five days before the date of the hearing, the parties shall submit a joint statement of stipulated facts to the hearing officer. All agreed-upon stipulated facts shall be deemed admitted, and evidence shall not be permitted for the purpose of establishing these facts.

 § 300.511 Impartial due process hearing. (a) General. Whenever a due process complaint is received under § 300.507 or § 300.532, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in §§ 300.507, 300.508, and 300.510. (b) Agency responsible for conducting the due process hearing. The hearing described in paragraph (a) of this section must be conducted by the SEA or the public agency directly responsible for the education of the child, as determined under State statute, State regulation, or a written policy of the SEA. CUBA INDEPENDENT SCHOOL DISTRICT

personnel may remove a child with a disability from his or her current placement to an interim alternative educational setting, another setting, or suspension for up to 10 school days in the same school year without providing educational services. (See 71 Fed. Reg. 46718 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT

understands that the term "consecutive" is used to permit school personnel to remove children with disabilities who violate a code of student from their current educational placement for not more than 10 consecutive school days at a time, and that additional removals of 10 consecutive school days or less in the same school year would be possible, as long as any removal does not constitute a change in placement. (See 71 Fed. Reg. 46714 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT

recognizes it is important for purposes of school safety and order to preserve the authority that CUBA INDEPENDENT SCHOOL DISTRICT personnel have to be able to remove a child for a discipline infraction for a short period of time, even though the child already may have been removed for more than 10 school days in that school year, as long as the pattern of removals does not itself constitute a change in placement of the child. (See 71 Fed. Reg. 46715 (August 14, 2006))

Beginning, however, on the eleventh cumulative day in a school year that a child with a disability is removed from the child's current placement, and for any subsequent removals, CUBA INDEPENDENT

SCHOOL DISTRICT shall provide educational services to the extent required in § 300.530(d), while the removal continues. (See 71 Fed. Reg. 46718 (August 14, 2006))

When calculating days of removal, CUBA INDEPENDENT SCHOOL DISTRICT understands that portions of a school day that a child has been suspended may be considered as a removal. (See 71 Fed. Reg. 46715 (August 14, 2006))

- (2) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a rule of student conduct, the administrative authority, the parent and relevant members of the child's IEP team (as determined by the parent and the administrative authority) must review all relevant information in the student's file, including the child's IEP, any teacher observations and any relevant information provided by the parents to determine:

When calculating days of removal, CUBA

INDEPENDENT SCHOOL DISTRICT understands that whether a bus suspension would count as a day of removal would depend on whether the bus transportation is a part of the child's IEP. If the bus transportation were a part of the child's IEP, a bus suspension would be treated as a day of removal unless CUBA **INDEPENDENT SCHOOL DISTRICT** provides the bus service in some other way, because that transportation is necessary for the child to obtain access to the location where services will be delivered. If the bus transportation is not a part of the child's IEP, a bus suspension is not a day of removal. In those cases, the child and the child's parent have the same obligations to get the child to and from school as a nondisabled child who has been suspended from the bus. (See 71 Fed. understands that an in-school suspension would not be considered a part of the days of suspension addressed in § 300.530 as long as the child (1) is afforded the opportunity to continue to appropriately participate in the general curriculum; (2) continues to receive the services specified on the child's IEP; and (3) continues to participate with non-disabled children to the extent they would have in their current placement. **CUBA INDEPENDENT SCHOOL DISTRICT** understands these three criteria for non-exclusionary in-school suspension must be met in order for the suspension days to not be counted as days of removal. although in another setting, and to progress toward meeting the goals set out in the child's IEP.

The determination of which teacher CUBA INDEPENDENT SCHOOL DISTRICT personnel should consult should be based on the facts and circumstances of each case, the needs of the child and the expertise of the child's teachers. In many cases, the special education teacher may be the most appropriate teacher with whom CUBA INDEPENDENT SCHOOL **DISTRICT** personnel should consult. This, however, is not always the case. In light of the short-term nature of the removals under paragraph (d)(4) and the need for CUBA INDEPENDENT SCHOOL DISTRICT personnel to make quick decisions regarding services, CUBA INDEPENDENT SCHOOL DISTRICT believes CUBA INDEPENDENT SCHOOL DISTRICT personnel need broad flexibility in making such decisions and are in the best position to determine the appropriate teacher with whom to consult. (See 71 Fed. Reg. 46718 (August 14, 2006))

The opportunity to "continue to participate" does not mean that CUBA INDEPENDENT SCHOOL

DISTRICT must replicate every aspect of the services that a child would receive if in his or her normal classroom. For example, it would not generally be feasible for a child removed for disciplinary reasons to receive every aspect of the services that a child would receive if in his or her chemistry or auto mechanics classroom as these classes generally are taught using a hands-on component or specialized equipment or facilities. (See 71 Fed. Reg. 46716 (August 14, 2006))

While children with disabilities removed for more than 10 school days in a school year for disciplinary reasons must continue to receive FAPE, CUBA INDEPENDENT SCHOOL DISTRICT recognizes that the IDEA modifies the concept of FAPE in these circumstances to encompass those services necessary to enable the child to continue to participate in the general curriculum, and to progress toward meeting the goals set out in the child's IEP.  - (2) Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.

- B. Each local school board or governing body shall establish policies and procedures for the possession, storage, and administration of medical cannabis that:
 - prohibit a primary caregiver from administering medical cannabis in a manner that creates disruption to the education environment or causes other students to be exposed to medical cannabis;
 - (2) prohibit disciplining a school employee who refuses to administer medical cannabis; and
 - (3) prohibit students from possessing, storing, or self-administering medical cannabis in a school setting.

6.11.2.12 NMAC. PROCEDURE FOR DETENTIONS, SUSPENSIONS AND EXPULSIONS:

The authority of the state and of local school boards to prescribe and enforce standards of conduct for public school students must be exercised consistently with constitutional safeguards of individual student rights. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violations of school rules. The right to a public education is a property right which may only be denied where school authorities have adhered to the minimum procedural safeguards required to afford the student due process of law. This section prescribes minimum requirements for detention, in-school suspension and temporary, long-term or permanent removal of students from the public schools. Local school boards may adopt procedures which afford students more protection than this rule requires. The procedures in this section apply only to disciplinary detentions, suspensions and expulsions. They do SCHOOL DISTRICT is not required to provide children removed for more than 10 school days in a school year for disciplinary reasons exactly the same services in exactly the same settings as they were receiving prior to the imposition of discipline. However, CUBA INDEPENDENT SCHOOL DISTRICT shall ensure that the special education and related services the child does receive enables the child to continue to participate in the general curriculum, and to progress toward meeting the goals set out in the child's IEP. (See 71 Fed. Reg. 46716 (August 14, 2006))

Decisions regarding the extent to which services would need to be provided and the amount of services that would be necessary to enable a child with a disability to appropriately participate in the general curriculum and progress toward achieving the goals on the child's IEP may be different if the child is removed from his or her regular placement for a short period of time. For example, a child who is removed for a short period of time and who is performing at grade level may not need the same kind and amount of services to meet this standard as a child who is removed from his or her regular placement for 45 days under § 300.530(g) or § 300.532 and not performing at grade level. (See 71 Fed. Reg. 46716 (August 14, 2006))

CUBA INDEPENDENT SCHOOL DISTRICT shall not deny educational services to children with disabilities who have been removed for more than 10 school days in a school year; however § 300.530(d)(4) does not always require the provision of services when a child is removed from school for just a few days in a school year. (See 71 Fed. Reg. 46717 (August 14, 2006))

The manifestation provisions provide a simplified, common sense manifestation determination process. **CUBA INDEPENDENT SCHOOL DISTRICT** expects that the manifestation determination review will be done carefully and thoroughly with consideration of any rare or extraordinary circumstances presented. As part of the manifestation determination review, the Team will analyze the child's behavior as demonstrated across

Suspensions, expulsions and other disciplinary changes of placement for children with disabilities shall be carried out in compliance with all applicable requirements of 34 CFR Secs. 300.530 through300.536, and these or other department rules and standards, including particularly 6.11.2.11 NMAC, governing interim disciplinary placements and long-term suspensions or expulsions of students with disabilities. § 300.531 Determination of setting.		
The child's IEP Team determines the interim alternative educational setting for services under § 300.530(c), (d)(5), and (g). (Authority: 20 U.S.C. 1415(k)(2))	 6.11.2.11 NMAC. DISCIPLINARY REMOVALS OF STUDENTS WITH DISABILITIES: F. Determination of setting. The student's IEP team determines the interim alternative educational setting for services under Subsections D and E of this section. 	If the child's current placement is a special education setting, the child could be removed from the special education setting to another setting for disciplinary reasons. Similarly, if the child with a disability who violated a school code of conduct receives services in a regular classroom, the child could be removed to an appropriate interim alternative educational setting, another setting, or suspension. However, CUBA INDEPENDENT SCHOOL DISTRICT understands that the child who is removed for more than 10 school days in the same school year must continue to receive educational services, to enable the child to continue to participate in the general education curriculum although in another setting, and to progress toward meeting the goals set out in his or her IEP. (See 71 Fed. Reg. 46717 (August 14, 2006)) The IEP Team is responsible for determining the interim alternative educational setting for a child with a disability for removals that are a change of placement. CUBA INDEPENDENT SCHOOL DISTRICT interprets this obligation to apply to all removals that constitute a change of placement for disciplinary reasons. (See 71 Fed. Reg. 46719 (August 14, 2006)) CUBA INDEPENDENT SCHOOL DISTRICT interprets "setting" in this context to be the environment in which the child will receive services, such as an alternative school, alternative classroom, or home setting. In many instances, the location and the setting or environment in which the child will receive services are the same. CUBA INDEPENDENT SCHOOL DISTRICT may have available more than one location that meets the criteria of the setting chosen by the IEP Team. For example, CUBA INDEPENDENT SCHOOL DISTRICT may have available two alternative schools that meet the criteria of the interim alternative educational setting chosen by the IEP Team. In those

cases, CUBA INDEPENDENT SCHOOL DISTRICT
personnel would be able to assign the child to either of
these locations, if the IEP Team has not specified a
particular one. (See 71 Fed. Reg. 46719 (August 14,
2006))

<u>§ 300.532 Appeal.</u>		
 § 300.532 Appeal. (a) <i>General.</i> The parent of a child with a disability who disagrees with any decision regarding placement under §§ 300.530 and 300.531, or the manifestation determination under §300.530(e), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to §§ 300.507 and 300.508(a) and (b). (b) Authority <i>of hearing officer</i>. The hearing is requested by filing a complaint pursuant to Subsection I of 6.31.2.13 NMAC. (2) A hearing officer who hears a matter under Paragraph (1) of Subsection J of 6.11.2.11 NMAC, has the authority provided in 34 CFR Sec. 300.532(b). 	Although IDEA does not address allocation of the burden of proof in due process hearings brought under the IDEA, the U.S. Supreme Court addressed the issue. In <i>Schaffer</i> , the Court held that the burden of persuasion in a hearing challenging the validity of an IEP is placed on the party on which this burden usually falls—on the party seeking relief—whether that is the parent of the child with a disability or the school district. Where CUBA INDEPENDENT SCHOOL DISTRICT has requested that a hearing officer remove a child to an interim alternative educational setting, CUBA INDEPENDENT SCHOOL DISTRICT understands that the burden of persuasion is on CUBA INDEPENDENT SCHOOL DISTRICT . (See 71 Fed. Reg. 46723 (August 14, 2006)) If the parent disagrees with the manifestation determination, they have the right to appeal that decision by requesting a due process hearing under § 300.532. At the point a due process hearing is requested, the concept
 may— (i) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of § 300.530 or that the child's behavior was a manifestation of the child's disability; or (ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing 	 6.31.2.13 NMAC. In this instance, the burden of proof would be allocated to the parent who is the moving party. (See 71 Fed. - (3) The procedures under paragraphs (a) and (b)(1) and (2) of this section may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.
- (c) Expedited *due process hearing*.
 - Whenever a hearing is requested under paragraph (a) of this section, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of §§300.507 and 300.508(a) through (c) and §§ 300.510 through 300.514, except as provided in paragraph (c)(2) through (4) of this section.
 - (2) The SEA or LEA is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within 10 school days after the hearing.
 - (3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) of this section, or agree to use the mediation process described in §300.506—
 - (i) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and
 - (ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process

determination under 34 CFR Secs. 300.530 through 300.531.

- (b) Pursuant to 34 CFR Sec. 300.532(c) and 20 USC Sec. 1415(k)(3), a public agency may request an expedited hearing if it believes that maintaining the current placement of a child is substantially likely to result in injury to the child or others.

- (a) The SED of the department and the hearing officer shall ensure that a hearing is held within 20 school days of the date the request for hearing is received by the SED, and a written decision is reached within 10 school days of the completion of the hearing, without exceptions or extensions, and thereafter mailed to the parties.
- (b) The hearing officer shall seek to hold the hearing and issue a decision as soon as is reasonably practicable within the time limit described in Subparagraph (a) of Paragraph (19) of Subsection I of 6.31.2.13 NMAC (correct citation 6.31.2.13 (I)(18)(a)NMAC), and shall expedite the proceedings with due regard for any progress in a resolution session, FIEP meeting or mediation, the parties' need for adequate time to prepare and the hearing officer's need for time to review the evidence and prepare a decision after the hearing.
- (c) The parties shall decide whether to convene a resolution session, FIEP meeting, or mediation before the commencement of an expedited hearing in accordance with Paragraph (8) of

Recognizing the need to promptly resolve a disagreement regarding a disciplinary decision, CUBA INDEPENDENT SCHOOL DISTRICT believes the resolution meeting provides an opportunity for CUBA INDEPENDENT SCHOOL DISTRICT and parents to resolve a disagreement regarding a disciplinary placement or manifestation determination before the timeframe for conducting a due process hearing begins. (See 71 Fed. Reg. 46725 (August 14, 2006)) Therefore, in most instances, CUBA INDEPENDENT SCHOOL DISTRICT will not waive this opportunity even in the context of an expedited due process hearing.

§ 300.534 Protections for children not determined eligible for special education and related services.		
 (a) <i>General.</i> A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if the public agency had knowledge (as determined in accordance with paragraph (b) of this section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.  (a) For purposes of removals of a child with a disability from the child's current educational placement under §§ 300.530 through 300.535, a change of placement occurs if— (1) The removal is for more than 10 consecutive school days; or (2) The child has been subjected to a series of removals that constitute a pattern— (i) Because the series of removals total more than 10 school days in a school year; (ii) Because the child's behavior is substantially similar to the child's behavior in previous incidents that 	 6.11.2.11 NMAC. For purposes of removals of a student with a disability from the child's current educational placement under 6.11.2.11 and 6.11.2.12 NMAC, a change of placement occurs if the conditions provided in 34 CFR Sec. 300.536 are met. 	CUBA INDEPENDENT SCHOOL DISTRICT recognizes that to the extent that any school district has "a zero tolerance" policy, such policies are irrelevant to what constitutes a change in placement for disciplinary removals under the IDEA.  A. Evaluation procedures for gifted children. (1) Each school district shall establish a child find procedure that includes a screening and referral process for students in public schools who may be gifted. (2) Analysis of data. The identification of a student as gifted shall include documentation and analysis of data from multiple sources for subject matter aptitude/achievement, creativity/divergent thinking, and problem solving/critical thinking including: (a) standardized measures, as specified in Subsection B of 6.31.2.12 NMAC, (Correct citation 6.31.2.7 (D) NMAC) and (b) information regarding the child's abilities from other sources, such as collections of work, audio/visual tapes, judgment of work by qualified individuals knowledgeable about the child's performance (e.g., artists, musicians, poets and historians, etc.), interviews, or observations. 	
 (3) The child's ability shall be assessed in all four areas specified in Subsection B of 6.31.2.12 NMAC. (correct citation 6.31.2.7(D) NMAC). B. Standard method for identification. Under the standard method for identification, students will be evaluated in

	the areas of intellectual ability, subject matter aptitude/achievement, creativity/divergent thinking, and problem solving/critical thinking. A student who meets the criteria established in Subsection B of 6.31.2.12, (correct citation 6.31.2.7(D) NMAC) for intellectual ability and also meets the criteria in one or more of the other areas will qualify for consideration of service. A properly constituted IEP team, including someone who has knowledge of gifted education, will determine if services are required to meet the child's educational needs.
	C. Alternative method for identification.
	 A school district may apply to the department to utilize an alternative protocol for all students. Eligibility of a student will then be determined by a properly administered and collected, department- approved alternative protocol designed to evaluate a student's intellectual ability, subject matter aptitude/achievement, creativity/divergent thinking, and problem solving /critical thinking.
	 (2) If an accurate assessment of a child's ability may be affected by factors including cultural background, linguistic background, English language proficiency level, socioeconomic status or disability condition(s), an alternative protocol as described in Paragraph (1) of Subsection E of 6.31.2.12 NMAC (correct citation 6.31.2.12(C)will be used in all school districts to determine the student's eligibility. The impact of these factors shall be documented by the person(s) administering the alternative protocol.
	 (3) The student assistance team (SAT) process requirements will not apply to students who meet the criteria established by the alternative protocols. When a student's overall demonstrated abilities are very superior (as defined by the alternative protocol author), a properly constituted IEP team, including someone who has knowledge of gifted education, will determine if special education services are required to meet the child's educational needs.

D. Applicability of rules to gifted children.	
 (1) All definitions, policies, procedures, assurances, procedural safeguards and services identified in 6.31.2 NMAC for school-aged children with disabilities apply to school-aged gifted children within the educational jurisdiction of each local school district, including children in charter schools within the school district, except: 	
 (a) the requirements of 6.31.2.8 NMAC through 6.31.2.10 NMAC [Right to FAPE, Public Agency Responsibilities, Identification, Evaluations and Eligibility Determinations]; 	
 (b) Subsections J [Children in State-Supported Educational Programs], K(correct subsection M) [Children in Detention and Correctional Facilities] and L (correct subsection N)[Children in Private Schools or Facilities] of 6.31.2.11 NMAC regarding child find, evaluations and services for private school children with disabilities, children with disabilities in state-supported educational programs, children with disabilities in detention and correctional facilities and children with disabilities who are schooled at home; 	
 (c) the requirements of 34 CFR Secs. 300.530 through 300.536 [Discipline Procedures], Subsection I of 6.31.2.13 NMAC [Due Process Hearings related to discipline], and 6.11.2.11 NMAC (subsection F) regarding disciplinary changes of placement for children with disabilities; and 	
 (d) the requirements of 34 CFR Secs. 300.43 [Ward of the State] and 300.320(b) [IEP's Transition Service] and Paragraph (2) of Subsection (G) of 6.31.2.11NMAC regarding transition planning. Students identified as gifted shall meet the requirements at Subsection B of

	22-13-1.1 NMSA 1978, which is the next step plan for students without disabilities.	
	(2) Assuming appropriate evaluations, a child may properly be determined to be both gifted and a child with a disability and be entitled to a free appropriate public education for both reasons. The rules in this section 6.31.2.12 NMAC apply only to gifted children.	
	(3) Nothing in these rules shall preclude a school district or a charter school within a school district from offering additional gifted programs for children who fail to meet the eligibility criteria. However, the state shall only provide funds under Section 22-8-21 NMSA 1978 for department-approved gifted programs for those students who meet the established criteria.	
	E. Advisory committees.	
	(1) Each school district offering a gifted education program shall create one or more advisory committees of parents, community members, students and school staff members. The school district may create as many advisory committees as there are high schools in the school district or may create a district-wide advisory committee.	
	(2) The membership of each advisory committee shall reflect the cultural diversity of the enrollment of the school district or the schools the advisory committee advises. Representation from all schools the committee is advising is required.	
	(3) Purposes. The advisory committee shall:	
	 (a) regularly review the goals and priorities of the gifted program, including the operational plans for student identification, evaluation, placement and service delivery; 	
	(b) demonstrate support for the gifted program;	

 cultural background, linguistic background, socioeconomic status and disability conditions within the community may have on the child referral, identification, evaluation and service delivery processes; (d) advocate for children who have been underrepresented in gifted services due to cultural or linguistic background, socioeconomic status, or disability conditions, in order to ensure that these children have equal opportunities to benefit from services for gifted students; and (e) meet three or more times per year at regular intervals. (4) Formal documentation of committee membership, activities and recommendations shall be maintained. If proposals are made by the committee to address any of the purposes as listed in Paragraph (3) of Subsection G of 6.31.2.12 NMAC (correct citation 6.31.2.12(E)(3)), they shall be submitted in writing to the school district administration. The school district administration shall respond in writing to any proposed actions before the next scheduled meeting of the advisory committee.

(2)	Base payment adjustments For any fiscal year after 1999 —		
	 (i) If a new LEA is created, the State must divide the base allocation determined under paragraph (b)(1) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages 3 through 21, or ages 6 through 21 if a State has had its payment reduced under § 300.703(b), currently provided special education by each of the LEAs; 		
	(ii) If one or more LEAs are combined into a single new LEA, the State must combine the base allocations of the merged LEAs;		
	 (iii) If, for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages 3 through 21 change, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages 3 through 21, or ages 6 through 21 if a State has had its payment reduced under § 300.703(b), currently provided special education by each affected LEA; and 		

(iv) If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities. The State must divide the base allocation determined under paragraph (b)(1) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the LEA, among the LEA and affected LEAs based on the relative numbers of children with disabilities ages 3 through 21, or ages 6 through 21 currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.	
(3) Allocation of remaining funds. After making allocations under paragraph (b)(1) of this section, as adjusted by paragraph (b)(2) of this section, the State must —
